### HIGH RIVER "FLIERS" TO BE HERE MONDAY NIGHT

Undoubtedly, the biggest hockey event of the season will be the exhibition clash on Monday night next between the High River "Fliers," senior provincial champions for 1929-1930, and the Blairmore "Bearcats," intermediate provincial champions for the same season.

Both teams are strong runners up for provincial senior honors this season and strong bidders for Allan cup representation.

The game on Monday night will start promptly at 8 o'clock, and the arena management have wisely decided not to reserve any portion of the arena. Rush admission for adults will be fifty cents and for children, twenty-five cents. To secure your desired position, we would suggest that you be at the arena early, as there is no doubt but that a packed house is assured.

This game is in return for the exhibition game played at High River during the holiday season, when Blairmore sent six men only to High River to beat them by a small margin.

The "Bearcats" are at Lethbridge tonight, playing a sudden-death game for the Wright cup, emblematic of senior championship for Southern Alberta.

### ANNUAL MEETING OF RATEPAYERS

The annual meeting of the ratepayers of the Town of Blairmore and of Blairmore School District No. 62, will be held at the central school house tomorrow evening at 8 o'clock, when the financial statements of both the town and school district will be presented, together with reports from the various committees and school board.

It is the duty of all ratepayers to attend this meeting and hear firsthand what is being accomplished by those in whom their confidence has been placed during the past year.

### EXAMINATIONS FOR FIRST AID CERTIFICATES

One of the largest First Aid classes ever held in Blairmore terminated on the 19th of this month and examinations for their First Aid certificates took place on Sunday the 29th.

The following took their examinations: Alfred McKay, Joseph Martin, Idris Evans, T. J. Williams, James Turner, Thomas McKay, R. Oakes, Fred Lund, Robt. Kerr, Alfred Womersley, Edgar Womersley, John Oakes, J. McAndrew, Janey, Jones Lloyd, Alrik Thibert, Alex. McKay, T. Allan, T. Hadwell, Roddy Jamieson, G. Patterson, Robt. Horne, Samuel Patterson, Victor Hiss.

During the winter classes, Dr. R. J. Stewart, of Blairmore, acted as lecturer, with Mr. M. H. Congdon as instructor.

The examiners on the 29th instant were Dr. G. B. Rose, of Hillcrest, together with Messrs. Fred Pulgett and B. Milnes, of Bellevue.

Mr. and Mrs. R. W. Morgan left Pincher Creek on the 19th on an extended trip to the south. They are spending a short time in Spokane and will then go on to Los Angeles and other points of interest.

Following his being sent up for trial on charges of attempted murder and perjury, and while waiting to be taken to the Lethbridge jail, Michael Kennedy committed suicide in the Hanna police cells on Saturday night.

Blairmore Lodge of Elks have moved to the Moose hall, and held the first meeting in their new quarters on Tuesday night. The Moose hall is better suited for the Elks' activities, being larger, more comfortable and better equipped in every way.

### THE UNITED CHURCH CLOSES SPLENDID YEAR

At the annual meeting of the United church, reports were received from all organizations, revealing the good work done in all departments of the church work.

It has not been an easy year for anyone in the Crows' Nest Pass, owing to the shortage of work, and the congregation are grateful to be able to report all bills paid and a small balance in hand in all departments.

The outstanding piece of work during the year has been the improvements to the church building. A full cement basement has been put in and the main auditorium has been replastered. The mission hall has been repaired and a bell placed in the tower. All this work is paid for and a balance in the improvement fund of \$619 is a good start toward the further improvements planned for 1930.

Another item over which we rejoice is the raising in full of the Missionary and Maintenance Fund allocation of \$325.00; besides which the Sunday school supports a leper boy in India at an annual cost of \$25.00.

The following statements give a survey of the year's finances:

The Board of Stewards—Receipts \$2,103.71, balance in bank \$19.03.

United Church Improvement Fund—Balance on hand Jan. 1st \$153.31, receipts during year \$1,652.68, expenditures \$1,159.39, balance in bank \$619.60.

Ladies' Aid—Balance on hand Jan. 1st \$153.65, receipts during year \$636.30; expenditures: Mission hall repairs \$118.85, improvement fund \$500.00, church board \$50.00, miscellaneous \$75.98; total \$744.83. Balance in bank \$105.72.

Church School and Y.P. Societies—Balance on hand Jan. 1st \$170.75, receipts during year \$457.81 (school) \$314.81, Y.P. societies \$143.00; balance in bank \$163.07.

Choir Fund—Balance on hand Jan. 1st \$7.36, receipts during year \$14.50, balance in bank \$13.61.

### RAY OF HOPE REBEKAH OFFICERS INSTALLED

At the regular meeting of Ray of Hope Rebekah Lodge at Bellevue last week, the officers for the ensuing year were installed by Sister Mrs. Prescott, who was assisted by Sisters Mrs. G. W. Goodwin, Mrs. B. Milnes and Mrs. J. Curry. The new officers are:

Junior Past Grand—Miss Margaret Hallworth.  
Noble Grand—Mrs. J. Cousens.  
Vice Grand—Miss A. Boush.  
Rec. Secretary—Mrs. William Prescott.

Fin. Secretary—Mrs. F. Paquet.  
Treasurer—Mrs. John Shevels.  
R.S.N.G.—Mrs. G. W. Goodwin.  
L.S.N.G.—Mrs. B. Milnes.  
R.S.V.G.—Mrs. M. McEachern.  
L.S.V.G.—Mrs. F. Beal.

Chaplain—Mrs. A. Fisher.  
Warden—Miss H. Emerson.  
Conductress—Mrs. L. Goodwin.  
I.G.—Mrs. L. Newton.  
O.G.—Mrs. O. Johnson.

Pianist—Mrs. J. Curry.

After the meeting refreshments were served and a social hour was spent.

### INSTITUTE PUBLIC LIBRARY

Hours: Tuesday and Saturday, 7 to 9 p.m. Membership fee \$1.00 per year.

We acknowledge ten books from Mr. Milne and one from Master Noel Peters.

Billy: "We got a hen over to our place that lays an egg six inches long."

Johnny: "Aw, that's nuthin', we can beat that over at our place."

Billy: "How?"

Johnny: "With an eggbeater, of course."

## Reduce the Acid

Stick stomachs, sour stomachs and indigestion usually mean excess acid. The stomach nerves are over-stimulated. Too much acid makes the stomach and intestines sour. Alkali kills acid instantly. The best form is Phillips' Milk of Magnesia, because one harmless, tasteless dose neutralizes many times its volume in acid. Since its invention, 50 years ago, it has remained the standard with physicians everywhere.

Take a spoonful in water and your unhappy condition will probably end in five minutes. Then you will always know what to do. Crude and harmful methods will never appeal to you. Go prove this for your own sake. It may have a great many disagreeable hours. Be sure to get the genuine Phillips' Milk of Magnesia prescribed by physicians for 50 years in correcting excess acids. Each bottle contains full directions—any drugstore.

### WORLD HAPPENINGS BRIEFLY TOLD

The protocol adopting the Young plan was signed at the second Hague Reparation Conference.

A total of 12,430 post offices operated in Canada last year according to a report just issued by the post office department. This is a decrease of 48 accounted for by the establishment of rural free deliveries.

A reduction in the war office estimates by a million and a half starting in the next budget, is foreshadowed in the London Daily Herald, as a consequence of the government's drastic revision of expenditures.

A search is now being conducted for an old post of the Hudson's Bay Company, and the fort of the Northwest Company which once stood close to the Saskatchewan River, about 80 miles north of Saskatoon.

Hon. P. J. Cash's, Minister of Finance in the Newfoundland Government, told the Canadian Press that Newfoundland would balance its budget this year for the first time in a decade.

Owing to the increase in the number of cheques drawn by persons who have not sufficient funds on deposit to meet them, the banks of Ottawa have decided to make a charge of 50 cents for every such cheque issued hereafter.

Commissioner George Mitchell, international secretary for the Salvation Army's work in Europe, and in the British Dominions, died recently in London. He began his career with the Army as a messenger boy more than 40 years ago.

Executors of the late Gen. Bramwell Booth, former Salvation Army head, have been ordered by the chancery court to turn over to General Higgins, who now heads the Salvation Army, property valued at £1,000,000 (\$5,000,000).

The beacon light of Brandon Aero club has been put into operation. It is one of the first in Western Canada, and it will be used to guide night fliers, not only on the regular air mail routes, but other airmen as well. Its flashing rays can be seen for miles.

### Pay Big Dividends

About Two Hundred and Fifty Millions Paid To Stock Holders in Canadian Corporations

Approximately \$250,000,000 was paid in dividends to stock holders in Canadian corporations in 1929, according to an estimate based on actual disbursements of more than 500 securities listed on the Canadian stock exchanges and others widely held by the general public.

During the year a number of bonuses or extra cash dividends were also paid. In the final three months of last year about \$10,000,000 was added to regular quarterly dividends.

British Columbia Salmon Salmon canned in British Columbia is exported to over thirty countries in the world. The annual marketed value of the B.C. product is more than \$13,000,000.

The American galleon is less than the English by one-seventh.

Smoker (whose cigar won't draw): "Now they have invented a smokeless cigar."—Tokio Pakko, Tokio.

W. N. U. 3822

### Sunlight and Health

Ultra-Violet Rays Are Necessary To Life and Health

Have you ever noticed your lawn where a board or flower-pot has lain for a few days. The grass will be yellow and will eventually turn white or die. It is the lack of sunlight and the ultra-violet rays which are necessary to the health and life of plants as well as human beings, animals and birds.

Poultrymen have discovered that the ultra-violet rays of the sun prevent leg weakness and other diseases, and promote growth in a marvelous way. Unfortunately ordinary glass does not allow these vital rays to pass through it with the red and other rays which we know as sunlight. However there is a glass substitute called "Windolite" which is flexible and yet unbreakable and that allows full penetration of these important ultra-violet rays. Up until a few years ago, turkeys were difficult to raise in confinement, but with the brooder houses fitted with "Windolite" they thrive as well as in natural sunlight and get a bright light in the night before they are allowed outside, especially when the weather is cold and wet.

"Windolite" is now being used extensively all over Canada for poultry houses and dairy barns as well as sun rooms, and in hospitals, and sanitariums where sun baths are a regular part of the treatment of certain diseases.

### What Year Is This?

May Be Even Later Than We Are Dating It

Although the past year is recorded as 1929, it may really be, says an article in The Scots, 1933 or even later. This fact is indicated by a record of an eclipse of the moon. Bible history says that Christ was born during the reign of Herod the Great. But Herod died in the spring of 4 B.C. The date being fixed by a lunar eclipse which took place the night before his death. Obviously, therefore, Jesus must have been born not later than 4 B.C., and possibly earlier. The Church has no definite knowledge of the date of Christ's birth. It fixed the year, month, and day of the month arbitrarily. Astronomers are able to calculate the dates of past eclipses as accurately as those of the future, and so have determined the very day and hour of the eclipse that ushered Herod the Great out of this life.

### Farm Production in B.C.

Coast Province Establishes a New High Record in 1929

Value of farm production in the province of British Columbia totalled \$61,000,000 in 1929, a new high record. The increase over 1928 was \$5,000,000. Increases were distributed over every branch of agriculture and horticulture. The fruit industry, the centre of which is in the Okanagan Valley, had an output valued at \$5,250,000. Dairying showed an advance and the total value of products was \$12,500,000. Returns from poultry were more than \$6,000,000, an increase of nearly \$200,000 over the previous year.

### Missed a Fortune

Ignorance Of Geology Was Costly For Prospector

How a fortune was missed as the result of a Gold Coast prospector's ignorance of geology was revealed by Sir Albert Kitson at the recent meeting of the British Association. The prospector in search of gold dug a hole and unearthed manganese ore. Thinking it was iron ore, he took no notice of it. A geologist found the old hole and realized the value of the ore. The spot has since proved to be one of the largest and richest deposits of manganese ore in the world.

### Now You Can See 'Em;

Hear 'Em At The Grand

Have you often wondered just what Morana and Mack, the "Two Black Crows," looked and acted like? Haven't you thought how much funnier they would be if you could see as well as hear them put on their hilarious record and radio sketches? Now you don't have to wonder any longer. Morana and Mack, the "Two Black Crows," have made their first movie, an all talking Paramount picture called "Why Bring That Up?" in which they introduce many of their best selling record hits and a bevy of new funnies.

"Why Bring That Up?" is from an original story by Octavus Roy Cohen, famous author of negro stories. You see and hear how the famous team of Morana and Mack came to join up and start the famous "Two Black Crows" idea. You follow them along the path to fame with all its fun and adventures. You see them produce a lively musical show in which they star. There's a girl mixed up in it too, she is Evelyn Frank, but neither one of them marries her in the end.

"Why Bring That Up?" is just downright good fun and you'll enjoy every moment of it when you see and hear it. Shown at the Grand Theatre, Regina, February 2, 3 & 4.

### SUNDAY SCHOOL LESSON

FEBRUARY 2

#### PUTTING GOD'S KINGDOM FIRST

Golden Text: "Seek ye first His kingdom, and His righteousness; and all these things shall be added unto you."—Matthew 6:33.  
Lesson: Matthew 6:1-34.  
Devotional Reading: Psalms 145:1, 2, 7-13.

#### Explanations and Comments

Genuine Charity, verses 1-4.—"Ye therefore must be perfect, even as your heavenly Father is perfect" are the closing words of Chapter V of Matthew, our lesson of last week. The citizens of the new kingdom must excel the Scribes and Pharisees in righteousness. Matthew next records Jesus' words about almsgiving, prayer, and fasting—three forms of good works of which the Pharisees boasted. Jesus emphasized the fact that righteousness is a transaction between man and his Heavenly Father, and into it no thought of what others may say or think should enter. Almsgiving, charity, that is genuine will not be given in order to receive the praise of men.

Genuine Prayer, verses 5-8.—"The Jews had set aside for prayer, and wherever a man was when the prayer hour arrived, there he stood and prayed. Some were hypocrites. Jesus called them, who deliberately planned to be found at prayer time in conspicuous places in synagogues, or at street corners. It was the appearance of righteousness that they sought to gain a reputation for piety just as Ananias and Sapphira tried to gain a reputation for generosity and self-sacrifice when they were far from possessing either quality."

Verily I say unto you, They have received their reward. The Greek word means "received in full" and is the one used in drawing up receipts. They had received the full reward which they sought, they have been hypocrites, they have no claim whatsoever to any further reward.

You can best talk to your Father in Heaven when you are by yourself. When you pray, counseled Jesus, shut out the world and shut yourself in with God—enter into this inner chamber, your secret place where you can be alone with God, and having shut the door, pray to your Father who is in secret. For Nathaniel the fisherman was under the fig tree; for Peter it was on the house-top. Jesus Himself made the mountainside and the garden His closet, the places where He could have privacy to commune with God. Jesus is not disparaging public prayer, which He elsewhere commends; He is emphasizing the test of sincerity which private prayer affords.

And thy Father who seeth in secret shall recompense thee.

#### Conference in March

Livestock Men of Canada Will Meet At Ottawa

A conference of livestock interests to devise ways and means of increasing production will be held in Ottawa, probably early in March. Hon. W. R. Motherwell, Minister of Agriculture, had plans for calling such a conference earlier, but was stricken with pneumonia, but it is expected he will be well enough to sit at a conference in March. Dr. Grisdale, Deputy Minister of Agriculture, will likely preside.

Dentist: "Which tooth do you want extracted?"

Pullman Porter: "Lower seven."

## Royal Bank Annual Meeting; Assets Exceed Billion Dollars

"The annual meeting of shareholders of The Royal Bank of Canada not only marked the close of the most successful year on record but was rendered specially interesting by the constructive addresses delivered by Sir Herbert Holt, president; C. E. Neill, vice-president and managing director; and Morris W. Wilson, general manager.

Sir Herbert, in addressing the shareholders, pointed out that in spite of the losses incurred by thousands of investors throughout Canada and the United States, the strength of the business structure is such that there is no reason to look forward to more than a moderate recession in business during 1930.

Dealing with conditions in Canada, Sir Herbert stressed the fact that neither the prospects in foreign trade nor the situation in Canadian industry, trade and agriculture, warranted pessimism concerning the outlook for the coming year.

#### Industrial Advisory Council

After dwelling on the success obtained by President Hoover in securing the active co-operation of industrial leadership throughout the country in the recent crisis, Sir Herbert urged that it would be the advantage of Canada to establish a non-partisan Advisory Council, composed of men of outstanding ability, representative of industry, agriculture and labor. This council would bring about a closer approach between government, industry, agriculture and labor that would assist the

formulation and execution of effective measures for the maintenance of that equilibrium which would ensure stable prosperity.

Vice-President's Address.

C. E. Neill, vice-president and managing director, addressed the meeting, a very interesting proposal by which Canada might benefit to a far greater degree from the tremendous tourist traffic that is coming annually into the country from the United States.

"Canada," said Mr. Neill, "is attracting approximately fifteen million visitors a year. This great annual migration presents an unparalleled opportunity for increasing Canada's income, yet there has been no concerted effort to build the tradition that there are purchases which can be made in Canada more advantageously than in the United States. If we could make purchasing in Canada sufficiently attractive, it would make a difference of more than one billion dollars a year in our trade."

General Manager's Address.

Morris W. Wilson, general manager, reviewed the 60th annual report of the bank, for the year ending November 30. The figures, both of assets and profits, constitute a new record for Canadian banking. Total assets of \$1,001,442,741 are shown, being an increase of \$2,048,856 for the year. Deposits have gained \$64,620,923 and now stand at \$772,067,768.

#### Influence Is Growing

English-Speaking People Are Faced With Great Opportunities

Less than 175 years ago there were only 12,000,000 English-speaking people on the planet. But three times the population of France. In 1790, there were still but 16,000,000, while France had 26,000,000. Today there are nearly 200,000,000 who speak our tongue. They control all the Australian Continent, nearly all the North American, and much of the African and Asian. Their prospects for growth in numbers and wealth are unapproached by any other language group, for Canada, Australia, and South Africa are clearly destined to become populous powers. Taken collectively, the different nations and commonwealths have practical command of nearly half the world's surface and more than half its resources now available. Their sense of duty should equal their pride of power, and if they rise to their responsibilities their influence will indeed be potent.—New York World.

#### Discovers New Drug

Having all the antiseptic properties of iodine, but not staining when applied to open wounds, a new drug has been discovered by Professor Hans Friedenthal, a physiologist at the Berlin University. He has named the new antiseptic "metastodine," which is said to be made by combining iodine with oxygen.

#### Made Poor Job Of It

During a recent wedding, the bridegroom, faint, but the ceremony proceeded after a delay of twenty minutes. A cynical correspondent says that the bridegroom evidently hasn't learnt how to faint properly.

#### Investigate Land Values

Government To Check-Over Lands Held As Security In Connection With Seed Loans

Appointment of L. J. Howe, deputy commissioner of lands for Manitoba, and R. Matheson, assistant commissioner of Dominion lands, as investigators into the value of lands held as security for the repayment of advances of seed grain, fodder and other relief is announced in the current issue of the Canada Gazette. The appointment is made under the provision of the act, "Respecting Certain Debts Due the Crown."

The measure continues the practice of annually adjusting the obligations of the farmers who have enjoyed the advantages of seed-grain distribution, a return related to which is automatically tabled in the House of Commons near the beginning of each session.

L. P. O. Noel, agent of Dominion Lands, at Winnipeg, is authorized to act, in Mr. Matheson's place, in any particular instance.

#### Port Arthur's Population

Port Arthur's population, according to the assessment commissioner, is now 29,092, or an increase of 750 over last year.

"The African is the only happy human I have come across," said General Smuts, at Oxford, recently.

"No other race is so easily satisfied, so good-tempered, and so care-free."

When the sewing machine for shoes was first introduced one man could do as much as 60 had done before by hand.

## Make Your Windows Pay

Invest in WINDOLITE Windows and you will be repaid a hundredfold in the health of your Poultry and Live Stock

# WINDOLITE

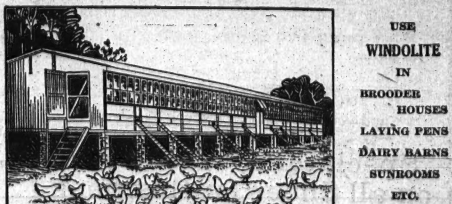

THE ORIGINAL GLASS SUBSTITUTE

MADE IN ENGLAND SINCE 1917 ON ORIGINAL PATENTS

This unbreakable glass substitute is light and flexible, easy to cut and fit, will withstand extreme changes in temperature, keeps out cold and wet, but

allows the full sunlight to enter, including the health-giving Ultra-Violet Rays, which do not penetrate ordinary glass.

CUT DOWN YOUR LOSSES BY INSTALLING WINDOLITE

Canadian breeders of poultry and livestock are finding Windolite a most satisfactory and profitable investment. Young chickens and turkeys are entirely free from leg weakness and disease and will thrive in confinement under Windolite. Windolite comes in rolls any length, but 36 inches wide only.

Distributors: JOHN A. CHANTLER & CO., LTD.  
51 Wellington St. W. - - - - - TORONTO, ONT.

USE WINDOLITE IN BROODER HOUSES LAYING PENS DAIRY BARN SUNROOMS ETC.

# Restless Children

Children will fret, often for no apparent reason. But there's always one sure way to comfort a restless, fretful child, Castoria! Fearless as the recipe on the wrapper; mild and bland as it tastes. But its gentle action soothes a youngster more surely than some powerful medicine that is meant for the stronger systems of adults.

That's the beauty of this special children's remedy! It may be given the tiniest infant—as often as there is any need. In cases of colic, diarrhea, or similar disturbance, it is invaluable. But it has everyday uses all mothers should

understand. A coated tongue calls for a few drops to ward off constipation; so does any suggestion of bad breath. Whenever children don't eat well, don't rest well, or have any little upset—this pure vegetable preparation is usually all that's needed to set everything to rights. Genuine Castoria has Chas. H. Fletcher's signature on the wrapper. Doctors prescribe it.

lived in the canyons, and saw the sky only in small patches. Now I'm on top of the world."

"On top of the world," Al repeated, tightening his arm about her waist. "Yes, that's where we both are, and that's where we're going to stay. But not in New York."

"Why not, darling?" Grace turned to him quizzically.

"Al's smiling eyes grew serious. 'Because—well, I've been thinking Grace, I don't want us to stay around Broadway too much. Broadway's all right, and we've conquered it—thanks to you—but there are other parts of the world.'"

"That's true, Al. Do you want to go some other place to live?"

"Yes, why not? Yesterday, when the revue closed, I told Marcus I was through with the stage. No more burnt cork, make-up, no more singing—that is, not professionally. I want to devote all my time to song writing, and I can do that anywhere. So—why not California?"

"To live?"

"Yes, to live. Do you think you'd like it?"

"Then that's agreed," and Al leaned over and kissed Grace. "We'll live in California and whenever we want to go back to Broadway we can. It will be new to us and we'll have a swell time seeing the sights. And if we want to go visiting to the Alps, or to India, or China, or the South Seas—we can. In fact, we'll go anywhere your little heart desires."

"Spring days, summer days and two figures, small in the distance, standing on that high balcony, talking in whispers of their love and their life in the future, which seemed to stretch before them like a silver highway melting into the mist. And then—"

"On Broadway once more, with the expensively garbed after-theatre crowds drifting into the Club Bomba. The name was the same, but there were new owners, and a new master of ceremonies."

The jazz band played, the dancers swayed, and the master of ceremonies exhorted everybody to be friendly and have a good time. When the music ended and the couples left the floor the master of ceremonies looked at the jazz band, to introduce it. Finally he found one and caught the attention of the crowd.

Ladies and gentlemen, he called through his tiny megaphone, "we are especially honored tonight by the presence of that famous star and songster Broadway's 'Singing Fool'!"

Al and Grace occupied a table against the far wall. As the spotlight shot across the room and found them, Al rose slowly in response to Grace's urging. There was the old roar of applause that had greeted him so many times in this place, and calls for a speech and a song. He raised his hand and the room became silent.

"Ladies and gentlemen," he began, "as most of you know, this is where I had my first taste of success as master of ceremonies. So it's only right I should come here to say good-bye. As I bowed in, so shall I bow out. To my pals and the place that treated me so kindly I have only the best in my heart."

"Somebody once said, 'Go west, young man, and I'm taking that advice.' Broadway's been both my nursery and my playground. Tonight we are parting—friends. I'm going west accompanied by the little girl who has stood by me so loyally, Grace Farrell Stone—my wife!"

Once more the thunderous applause and once more Al's raised hand, requesting silence.

"I don't want you to think I'm giving up song-writing. I shall continue to write songs and someone else will sing them. And folks—if any of you come to California I want you to visit Grace and me. You'll find us not in a little gray cottage, but in a four-story rooming house by the blue Pacific, with a Jap valet and a polo pony or two. If we're not in the butler, or the second man will tell you where to find us. . . . May you sleep well and laugh in your dreams. Good-bye."

The crowd liked Al's humorous speech, but still the voices rose, demanding a song. "Sing to us, Al," they called. "Just once, for old time's sake."

Al turned to Grace: "What shall I give them?"

Grace blushed slightly. She had been thinking of a song she wanted him to sing, but she didn't know whether she could muster up courage to ask him. But finally she said: "Al, do you remember the first ballad you ever sang—down at Blackie Joe's?"

"Of course I do, but I shall sing it to you as well as to them."

He walked across the room and stood beside the piano, just as he had done that night four years ago at Blackie Joe's. Grace saw him confer with the pianist, then turn to face the audience. Then the familiar music came toward her, with Al singing the words—the poignantly appealing words of "Always."

They seemed to come winging straight to Grace in the stillness of the big room—words she knew by heart, words that had once meant pain to her. She knew she would never forget how Al had once sung them to another woman—Molly—while she, Grace, had stood against the wall at Blackie's club, her eyes fixed on the handsome young singer, in complete adoration. How she had suffered that night, knowing the man she loved was pouring out his heart to other women with Al singing the song ended in a moment of breathless suspense, to be followed by ringing applause. And Al, slowly weaving his way among the gay drinkers and diners, who reached out to shake his hand and pat him on the shoulder, finally reached Grace.

"How was it?" he asked, his eyes aglow with love for Grace.

"Marvelous!"

"Grace," he said softly, "it's your song. All yours!"

When the audience had turned its attention to the floor show Grace and Al slipped out of the club. They slipped away from the stage, the dazzling lights and the still higher the soft and friendly twinkle of the stars.

THE END.

Paring a corn is both risky and ineffective. It is much better to use Holloway's Corn Remover and eradicate them entirely.

Rare Buffalo Hides Found

Painted Robes Which Have Almost Disappeared Discovered Near Ottawa

Students of earlier Indian life in Canada need no longer scour the prairies for rare painted buffalo robes which have almost disappeared. They can get them within 15 miles of Ottawa.

The other day the Dominion archeologist of the National Museum, Ottawa, announced that he was in the market for painted robes. He was shown one owned by a man in East Templeton, Que. The unadorned side is covered with a painted design, while the hide is so ancient that paint in it still shows the old's new thread used by the Indians before the advent of the white man.

Use Minard's for Neuralgia.

Alberta Electric Power

Over 800 miles of new electric power transmission lines were built in 1929 by a power company in Calgary, providing electric light and power to 51 cities, towns, villages and hamlets in Alberta.

Forests cover 22 per cent. of the area of California.

WHY SUFFER FROM YOUR LIVER?

Why be handicapped with unsightly blotches on the face, eyes with yellow tinge and that tired and languid feeling? This indicates a torpid liver.

Headache, Dizziness and Biliousness must follow. You must stimulate your liver, start the bile flowing with Carter's Little Liver Pills.

They also act as a mild laxative, purely vegetable, free from calomel and poisonous drugs, small, easy to swallow, and not habit forming. They are not a purgative that cramps or pains, unpleasant after effect following. On the contrary, good tone.

All Druggists 25c and 75c red packages.

## World-Wide Survey Of Film Industry

Statistics Compiled At Geneva Show \$4,000,000,000 Invested In Moving Pictures

A total of \$4,000,000,000 is now invested throughout the world in the moving picture industry according to statistics just completed by the International Labor Bureau at Geneva.

So great is the number of employees engaged in the industry that the International Labor Organization has made a world-wide survey of the industry as a basis for proposing future international labor conventions regulating the work of movie employees.

According to the statistics just completed, the first movie exhibition was given December 28, 1895.

Of the \$4,000,000,000 have since been invested in the industry about half the sum belongs to the U.S. concerns where the industry ranks third after foodstuffs and automobiles.

As employed employees, the United States naturally leads in the industry with 225,000 workers; 80,000 superiors, and several thousand artists.

The largest German firm employs 4,000 workers; the French studios employ 1,000 workers; 1,000 technicians; and 4,000 superiors while in England about 70,000 people earn their living from the industry.

The recent origin and the rapid growth of the industry has been such that it has not been possible to provide for any international regulation and very little national legislation as has been done in the older and more stable lines of industry.

With the result of the world-wide investigation of the movie industry which the International Labor Bureau has just completed it expects to take up later all the problems of work hours, health and safety of employees, employment of children and similar questions.

## Appointed To Supreme Court

Mr. Justice Cannon, Of Quebec Court Of Appeals, Is Selected

Mr. Justice L. A. Cannon, of the Quebec Court of Appeals, has been appointed a justice of the Supreme Court of Canada. The appointment of Mr. Justice Cannon fills the vacancy caused by the retirement of Mr. Justice Mcguint. No successor has yet been selected for Justice Cannon on the Quebec Court of Appeals.

Announcement of the appointment was made by Hon. Ernest Lapointe, Minister of Justice, following a meeting of the cabinet at Ottawa.

Sores Heal Quickly.—Have you a sore throat that refuses to heal? Then, try Dr. Thomas' Electric Oil in the dressing. It will stop sloughing, carry away the proud flesh, draw out the pus and prepare a clean way for the new skin. It is a recognized healer among all and numbers of people can certify that it healed where properly applied.

## Killed By Sharks

Unfortunate Victims Were Shipwrecked In Squal In Southern Seas

A message from Port Louis, in the Island of Mauritius, reported that five persons had been killed by sharks in the Bay of Tamorina, after their motorboat capsized in a squall.

The five were members of a party of six engaged in shark fishing. They all attempted to swim to shore, which was two miles away, but the sharks caught all but one.

Complete in itself, Mother Graves' Worm Extirpator does not require the assistance of any other medicine to make it effective. It does not fail to do its work.

## Has Large Output

It has been estimated that the output of a well-bored gramophone record factory during the past twenty-one years would take over 1,000 years to play, counting twenty-four hours a day, every day of the week, and not allowing time for changing needles.

Japan's population is estimated to have increased by 1,000,000 in the last year.

A single banian tree has been known to shelter 7,000 men at one time.

Grandmother Knows—She Used Minard's.

## Advises Against Skyscraper

American Architect Tells London Builders To Avoid Them

An American architect, who builds skyscrapers, has advised British architects not to erect any in London.

William A. Delano, president of the New York branch of the American Institute of Architects, speaking before the Architecture Club in London, England, said he felt that American "are gradually being crushed by these monsters which have made life about as sterile as it can possibly be for the ordinary man."

"I hope you will not be captivated by this particular phase of our experiment," he said. "Unless you are ready to civilization whole it would seem a mistake to copy any part of it."

## THE RESPONSIBILITY OF A FOND MOTHER

Her child is a never-ending source of joy and a never-ending responsibility to the fond mother. It is not infrequently happens that "minor ailments of the child distress and puzzle her; she does not know just what to do, yet feels that most serious effort to call a doctor just such times as these it is that Baby's Own Tablets are found to be mother's greatest aid."

Most childhood ailments arise from a derangement of the stomach or bowels. Baby's Own Tablets will immediately banish them by cleansing the bowels and sweetening the stomach. Thus they relieve colic, correct the digestion, banish constipation and make teething pains disappear.

Baby's Own Tablets are guaranteed to be free from injurious drugs such as opiates and narcotics and may be given to the newborn babe with perfect safety and beneficial results.

They are sold by medicine dealers or by mail at 25 cents a box from the Dr. Williams' Medicine Co., Brockville, Ont.

## Fashions and Freedom

Men More Concerned Than Women About Correct Clothes

That all women are, as a matter of course, worriedly excited over matters of style in dress and "the latest thing," and all men are sublimely indifferent is nonsense. If there is any part of the esteemed human race that has a more mortal terror of being seen in habiliments that are not what "they" are wearing it is certainly the masculine half. Because the style of men's clothes is based on the idea of lack of change, and no valid argument that there is a "fundamental psychic difference." The code is different, that's all. That men have achieved the time-saving idea of an unchanging mode is, anyway, largely a matter of luck, more than careful planning.

## A New Pawnshop

A pawnshop which does a business on a large scale has been located at Ottawa. It lends money on automobiles, trucks and tractors. The value of the car is determined by an appraiser and then a loan is extended for 50 per cent. of the value. While the loan is outstanding, the car must be kept in a special garage kept by the pawnshop. The borrower must also pay garage rent to the pawnbroker.

## Little Helps For This Week

"All things work together for good to them that love God."—Romans viii. 28.

O what a load of struggle and distress falls off before the Cross! The feverish care:

The wish that we were other than we are!

The sick regrets; the yearnings unmet; so apt to press

On the reluctant soul; even past despair.

Past sin itself,—all, all is turned to fair.

Aye! to a scheme of ordered happiness, So soon as we love God.

—Chauncy Hare Townsend.

Those who love God will find all things working together for their good. Everything helps them, as sunshine or storm, summer or winter, helps the tree. When the sun shines warmly, the tree opens all its buds and leaves and drinks in the warm air, and grows. When the cold storms of winter beat upon it, it withdraws into itself, and shuts its pores, and tightens the hold by the roots, and hardens. So when all things are pleasant in life we enjoy them gratefully, and expand in God's sunshine with thankful hearts. When disappointment and trial come we learn to be patient, trusting, submissive, hopeful, firm, and true, and that is good for us also.—James Freeman Clarke.

He: "That was a clean, wholesome case wasn't it?"

She: "Yes—I didn't think much of it, either."

Elephants of prehistoric days, as shown by their fossil remains, were larger than those of today.

## The Singing Fool

By HUBERT DAHL

Copyright, 1929, Warner Bros. Pictures, Inc.

### SYNOPSIS

Al Stone, singing waiter at Blackie Joe's New York night club, marries Molly Winston, a pretty singer, not knowing he is loved by Grace Farrell, a little cigarette girl. After Al wins fame as a composer of popular songs, Molly elopes with John Perry, taking her baby, Junior. Al, broken by his loss, becomes a derelict, but is saved by Grace Farrell. Molly obtains a divorce. One night, while Al is appearing in a Broadway revue, he is called to a hospital by Molly because Junior is dying. After his boy's death Al breaks down on the stage while trying to sing. Months later he recovers from this blow. Then he and Grace are married at the Little Church Around the Corner.

### CHAPTER XXXIII

Grace came out of the church door proudly, leaning on Al's arm, to face the news photographers who had, however, learned of the event. The cameramen did not have to tell Grace and Al to smile. Their faces were radiant. When this ceremony was over they stepped into a limousine and went whirling up the Avenue among the fantastic skyscrapers that seemed to Grace all rosy and pink against the deep blue afternoon sky.

And later? Spring days came and the mellow approach of summer. Up and down Broadway and in all the cities, towns and hamlets stretching across the continent they were singing the songs Al had written—new songs that reflected the happiness of his new life with Grace.

Grace and Al lived in a tower apartment in one of the new Fifth Avenue buildings, forty floors above the roar of the city streets, with a little balcony that was like a hanging garden of Babylon. In the long early summer twilight Al and Grace could stand on that balcony and look down on the most fabulous city of any age. The rivers twinkled their silver way on both sides of the island of Manhattan, the great liners came in from the sea, and Broadway at night cut, like a yellow streak, diagonally across the island.

"How strange to find me here," whispered Grace softly one evening, as she snuggled against Al's encircling and protecting arm. "I who worked at Blackie Joe's so long, and

## BEER AND BOOTLEG

Abolition of beer parlors will be featured on the programme of the Alberta Prohibition Association at their 24th annual convention early next month. In the current issue of "The Searchlight," a call is made to those who are opposed to the beer room to express themselves at every opportunity—so we take this opportunity of registering our objection—to the Alberta Prohibition Association.

It is our opinion that the beer parlor is less of a social evil than the prohibition organizations. Prohibition has brought its full quota of evils and we are ready to place at the doors of the prohibitionist the responsibility for the increase of canned-heat addicts, dope fiends, moon-shiners and the bootlegger which now has developed into a national institution.

Only when the beer parlors are closed do the bootleggers open—they cannot compete with the legalized sale of beer—yet the Alberta Prohibition Association blames an alleged increase in bootlegging to the existence of beer parlors.

We are in favor of strict supervision of licensed premises where intoxicants are sold—we believe that Alberta has a reliable system for the control of beer parlors and so long as this system remains uncorrupted we shall continue to favor existing conditions.

The prohibitionist says that beer parlors and bootleggers go hand in hand—we say beer parlors or bootleggers—take your choice.—Drumheller Mail.

An English woman applied for a job as a daily helper.

"What do you charge a day?" asked the mistress.

"Well, marm," was the reply, "83 if I eat myself and \$2.50 if you eat me."

## SHORT SIGHTED

The Gleichen Call on January 28th issues this statement: "The Call was not published last week owing to the fact that the business men of the town claim they could not afford to advertise. This may appear a strange statement in these modern days when the big majority of successful business men claim they can not afford not to advertise at every opportunity."

This candid explanation from the publisher of the Gleichen paper emphasizes again the well known fact that without advertising a newspaper cannot flourish, in fact the machinery stops running.

The local paper is a mirror of the community and business spirit of its own, and if the mirror does not present an attractive picture, so much the worse for the community. There must be co-operation.

The fact that the Gleichen paper was obliged to suspend publication, even for one issue, reflects on the business enterprise of the town. It proves once more, that the business men can not afford not to advertise.—E.S.

The U.F.A. rooms were crowded last Friday to hear Mr. Coote's address. Mr. Coote dealt with the work of parliament, and with public questions of present interest. In relation to the senate, he believes that if it is retained, its members should be elected. In dealing with the question of immigration, the speaker said the Dominion government should be the only immigration agent, that no society, Salvation Army or other body should have any voice in this matter. In referring to international relationships, Mr. Coote said he thought that the Kellogg pact was the most important thing that had taken place in forty years. This pact, he declared, had been sanctioned by sixty nations.—Nanton News.

## A Black Eye For Baseball

After a brief two weeks' acquaintance, he invited her to go to the ball game with him.

"There's Jarvis. He's a good man. He's a pitcher for your life. And that's Johnson over there. He is going to be our best man in a few weeks."

"Oh, Walter! he'll do all right," she lisped hurriedly, "but it is so sudden, dear."

BLAIRMORE UNITED CHURCH  
Rev. J. W. Smith, B.D., Pastor

Serve the church that the church may serve you.

Services Sunday, February 2nd, the Pastor in charge—

11 a.m.—SENIOR SCHOOL, for Young People over 12.

2 p.m.—JUNIOR SCHOOL, for Children under 12.

7:30 p.m.—PUBLIC WORSHIP.

Subject: "The 2nd Commandment." Ought we to keep this commandment today? A very large section of the Christian church does explain it away, or omit it altogether.

## HILLCREST UNITED CHURCH

Pastor: Rev. J. W. Smith, B.D.

Services every Sunday—

11 a.m.—Junior School, for boys and girls under 12 years.

2 p.m.—Senior School, for young people over 12 years.

3 p.m.—Public Worship.

## Here and There

In the five years of operation as a railway of the dominion of the Canadian Pacific Railway, the Canada Prohibition Association has placed 1,425 barrels on 37,000 acres and in western Canada, Colonel J. S. Dennis, president of the association, admitted to its directors at a meeting recently. The association has at present opportunities to place 1,200 barrels in 32,000 acres in the prairie provinces.

Cash prizes exceeding \$20,000 will be offered at the World's Grain Exposition and Conference to be held at Seattle, August, 1932. The major prizes totaling \$15,000 will be for wheat. It is aimed to have 1000 tests to verify the purity of the grain and also to have at least 100 chemical tests to establish quality.

Immigration to Canada during the month ending April 1 to September 23, 1929, totalled 129,328 of which 51,791 were British; 23,709 from the United States; 21,821 from north-west Europe, and 32,007 representing 23 other races. Total immigration same period of 1928 was 123,713.

Official opening of the extended Empress Hotel at Victoria, which is a hotel of 115 recently been completed at a cost of approximately \$3,000,000 will be held December 21. It is announced by H. P. McPherson, general manager of Western Canadian Pacific Hotels.

Gold produced in Ontario in the first nine months of 1929 had a value of \$2,755,523 or in excess of a million dollars over value of production in first nine months of 1928.

Breaking all previous records for handling of Japanese oranges, a record Canadian Pacific Railway train consisting of 22 cars of the Great Northern Fruit Company, recently about 40 hours after leaving the coast, in time for the first Valiente oranges to be on the market. The whole consignment from the coast consisted of 59 box cars holding a total of 2,250,000 of the Japanese delicacy.

About 2,800,000 fry and 240,000 eyed eggs, a total of 3,040,000 prospective fish, was the record output of the staff fishery this past season. The eggs were covered with difficulty by pack horse to the Bear Creek Valley watershed of Lake Louise. The fry were widely distributed over western areas.

Statistics show an increase of 105 vessel arrivals in the port of Vancouver for the first nine months of this year above the number for the same period last year.

Net tonnage shows an increase of 251,448 tons in 1929 while outward tonnage shows a corresponding increase. Gain in arrivals was made up by 22 more deep-sea vessels; 22 foreign coastwise; and 592 more local coastwise.

Editors representing the leading farm papers of the United States will tour Eastern Canada by special train next summer as a result of a joint invitation extended to the American Agricultural Editors' Association at their annual convention recently held at Chicago, by representatives of the Canadian Government and the Canadian Pacific Railway. The tour of Canada will last fifteen days and will afford the visiting editors an opportunity to study the agricultural and industrial development of the provinces of Ontario, Quebec, New Brunswick, Prince Edward Island and Nova Scotia.

**A WILL that can't be broken**

**An EXPERT Executor without cost**

A LIFE assurance policy is a will that needs no lawyer to explain and no judge to interpret.

It is clear, final, unbreakable.

If, instead of being paid in a lump sum, the proceeds of your policy are left with the Sun Life Assurance Company of Canada, you obtain, free of cost, the most expert fiduciary service in the world for your dependants.

Your assurance estate is conserved to meet obligations not fully matured at your death; to care for your wife; and to educate your children.

The earnings and any part of the principal can be paid over at regular designated intervals as desired.

Your modest funds are merged with those of a great corporation and share in the wonderful earnings from that Company's investments.

Your affairs can't be muddled by an incompetent neighbour executor.

**NO RISK - NO WORRY - NO EXPENSE**

The best way to create an estate, and the best way to conserve an estate, is by life assurance.

Consult a Sun Life representative for particulars.

The farmers of the province are petitioning the government to change the name of the province to the name of the province.

An exchange remarks: The modesty of the new skirts is much like the success of prohibition. It all depends on where you measure.

Roads in Jasper Park are paved with Athabasca tar sands, taken from the banks of the Athabasca river near Fort McMurray.

## Canada's Winter Golf Tournament

Victoria, capital of British Columbia, whose golfers enjoy their game the year round, owing to the ameliorating influence of the Japanese current, will hold its second annual Mid-Winter Golf Tournament under the auspices of the Empress Hotel Feb. 17-23, 1930. This tournament is an amateur handicapped affair open to both men and women competing in their own sections. The principal trophy is the E. W. Beatty Challenge Cup at present held by T. L. Swan and

Mrs. Hew Paterson of Victoria, although a large list of other prizes is being posted. The tournament will be played over the Colwood Golf and Country Club's course, which winds through a vast forest of Douglas firs, some of them 25 feet in circumference, and ancient, gnarled oaks and cedars dating from the time when Vancouver Island was sighted by Capt. George Vancouver. If the entry list becomes too formidable the Victoria Golf Club will be held in reserve for the overflow. All visitors to Victoria are eligible for this tournament.

Victoria, often called the "Emerald City," is on the Southern tip of Vancouver Island and is one of the most picturesque and interesting cities in Canada. It is the gateway, via the Malahat Drive, to the center of an island paradise with vast trees, lakes full of trout, big game and imposing mountains. There is splendid salmon fishing in streams which flow into the Gulf of Georgia and the Pacific.

## THINKS FEDERAL AID SHOULD BE FORTHCOMING

Edmonton.—A statement issued in Ottawa by Hon. Peter Heenan, Minister of Labor, to the effect that unemployment conditions and relief measures are entirely a provincial and municipal responsibility, is challenged by Premier Brownlee. Mr. Heenan had said that at the Dominion provincial conference in 1927 this position had been recognized by the provinces, whose representatives had made it clear that they did not wish the Federal Government to engage in such measures.

To this Mr. Brownlee answers that he has no recollection of any such attitude being taken in behalf of the provinces, and in fact the latter had strongly objected to the Dominion acting in such questions without consultation. The position of Alberta in the matter was again intimated to Hon. Mackenzie King on the recent visit to Ottawa.

"Under normal circumstances," says the Alberta premier, "unemployment relief might be dealt with as a provincial and municipal issue, but there do come times when because of national considerations all governments should join in sharing the burden. The unemployment of the present season is a case in point. It is not due to local circumstances but arises from national conditions and it is therefore a sound argument that all governmental organizations should at such a time forget the new distinctions of the B.N.A. and see how best they can together share the common responsibility."

Over 72 per cent. of the men now being given unemployment relief have been found to have come to Canada within the last five years, and the majority to have been here less than five years. A fairly large number of them have come during the past year despite strong representations by the provincial government that immigrants of that type were not wanted under existing conditions. Premier Brownlee says that the outcome of the check-up that has been made of the unemployed men who have registered with the relief bureau and he regards it as an effective answer to the suggestion of the Dominion authorities for the unemployment situation.

"On the immigration question we are subject," he said, "to Dominion policies and measures and it does seem inconsistent that the Dominion should take the position there is no federal financial responsibility."

### Optimistic Over Parley

British Premier Thinks Prospects For Naval Agreement Bright

London, England.—Prime Minister Ramsay MacDonald, who has returned to London after a fortnight's holiday in his Scottish home, is full of optimism over the prospects for the five power naval disarmament conference. He said that arrangements were well advanced for the meeting which opens on January 21. "I feel very optimistic about the prospects. There is no use in shouting before it is over. There are one or two difficult matters arising out of the different conditions of the countries, but see no reason for fearing that an arrangement will not be reached."

Asked whether the government proposed limiting the size of battleships to the tonnage of the earliest dreadnought, "We shall deal with every suggested model, the prime minister replying that the government would not be bound by any such limitation."

"Things are, very well advanced. We know that there are little points where we have not agreed, but none of them are of such great importance that an agreement is impossible."

### Urge Recognition Of Canadian Race

United Farmers Of Manitoba Submit Report At Convention

Brandon, Man.—Recognition of the existence of a Canadian race was strongly favored in the report on legislation submitted to the annual convention of the United Farmers and Farm Women of Manitoba. It was pointed out that while the word "Canadian" is now to be accepted in census forms under the heading of nationality it is not a permissible entry as a racial or tribal origin. The report contends that many of the races accepted under this heading are "of a more polyglot origin than the present Canadian race."

W. N. T. 1920

## Canada and U.S. Air Mail

Four Direct Contacts To Be Established Between Systems Of Two Countries

Ottawa.—Closer co-operation between the Canadian and United States postal services, relative to airmail, and an extension of the air mail systems of both countries in the West are matters which have brought W. J. Irving, Glover, second assistant postmaster-general of the United States to Ottawa.

Mr. Glover, who is in charge of air mail and water transportation of mail in the neighboring republic, was conferring with Canadian postal officials. Of immediate concern was the inauguration of the new Canadian prairie service, which goes into commission early in February. Negotiations are on foot to link this up with the United States mid-west system and the next international development, according to Mr. Glover, will be in an airmail line from Minneapolis and St. Paul to Winnipeg, via Fargo and Grand Forks, N.D.

Subsequently this will be supplemented by a line from Great Falls, Mont. to Regina, Sask.

Four direct contacts will thus be established between the air mail systems of the two countries—Chicago and Albany; Toronto and Buffalo; Winnipeg and Minneapolis, and Regina and Great Falls.

Mr. Glover spoke in terms of high praise of the rapid development of the Canadian air mail service.

The officials of the United States were proud of the progress that Canada was making in aerial enterprise and watched that progress closely and with friendly interest. For a nation so sparsely settled in a territory that was so vast Canada had accomplished things that compelled the admiration of the world.

Over 72 per cent. of the men now being given unemployment relief have been found to have come to Canada within the last five years, and the majority to have been here less than five years.

A fairly large number of them have come during the past year despite strong representations by the provincial government that immigrants of that type were not wanted under existing conditions.

Premier Brownlee says that the outcome of the check-up that has been made of the unemployed men who have registered with the relief bureau and he regards it as an effective answer to the suggestion of the Dominion authorities for the unemployment situation.

"On the immigration question we are subject," he said, "to Dominion policies and measures and it does seem inconsistent that the Dominion should take the position there is no federal financial responsibility."

A fairly large number of them have come during the past year despite strong representations by the provincial government that immigrants of that type were not wanted under existing conditions.

Premier Brownlee says that the outcome of the check-up that has been made of the unemployed men who have registered with the relief bureau and he regards it as an effective answer to the suggestion of the Dominion authorities for the unemployment situation.

Over 72 per cent. of the men now being given unemployment relief have been found to have come to Canada within the last five years, and the majority to have been here less than five years.

A fairly large number of them have come during the past year despite strong representations by the provincial government that immigrants of that type were not wanted under existing conditions.

Premier Brownlee says that the outcome of the check-up that has been made of the unemployed men who have registered with the relief bureau and he regards it as an effective answer to the suggestion of the Dominion authorities for the unemployment situation.

## Four Aviators Killed

Members Of Royal Air Force Meet Death In Collision

London, England.—The British Air Ministry announces that four members of the Royal Air Force had been killed at Abu Suir, Egypt, in a collision of two aeroplanes in mid-air.

The officers who were piloting the machines were Flight Lt. Richard S. Greenleaf, and Flying Officer Charles E. Galpin. The two other victims were non-commissioned men.

The crash was the first fatal one in the Royal Air Force this year. Last year there were 42 deaths in the Royal Air Force in flying accidents.

## Men Scramble For Jobs

Two Thousand Men In Frantic Fight For Work In Liverpool

London, England.—An answer to those who think the unemployed people dole to work was given in Liverpool, where 2,000 men were so frantic in a fight for the work of unloading the steamer "Gropesa" that they broke up the stands in their rush.

When the foreman appeared there was a stampede of men who fought and scrambled to get in front, and it was some time before order was restored.

## OFFICIALS OF WHEAT POOL GOING TO LONDON

Winnipeg.—Officials of the Canadian Wheat Pool are to meet in conference at London, England, with members of the British Government, it was announced recently. Three representatives of the co-operative organization are leaving Winnipeg to confer with Right Hon. J. H. Thomas, Lord Privy Seal and Minister of Employment, in the British Government.

According to the announcement from Pool headquarters, the London party comes as result of an invitation extended by Mr. Thomas while in Winnipeg last September, when he conferred with Wheat Pool heads. The Pool representatives at London will be A. J. McPhail, president of the Canadian Pool; D. R. McIntyre, eastern sales manager; and W. A. MacLeod, director of education and publicity for the Canadian Pool.

While the Pool statement does not mention the subject of the conference it points out that Mr. Thomas' main purpose in his visit to Canada last summer was to explore every avenue for securing a more uniform flow of outward and return cargoes from Canada and the United Kingdom. Various suggestions, it is mentioned, were discussed with Pool representatives for securing a more even and regular movement of Canadian wheat to British ports.

During their stay in the Old Country, the Pool representatives will meet Henry J. May, secretary, and Sir Thomas Allen, director of the International Co-operative Alliance, in connection with a proposed conference of producers and consumers' co-operative organizations to be held next spring.

## UNDER THE PALMS

His Excellency Viscount Willingdon, Governor-General of Canada, under the palms at Dominica, West Indies, with two girls in the old native costumes of the island. Viscount and Lady Willingdon made a cruise of the West Indies on the new boats which the Canadian National Steamships have in service between Eastern Canada and the West Indies.

## ASSISTANT COMMISSIONER

C. A. Van Scoy, newly-appointed Assistant Commissioner, Department of Immigration and Colonization, Canadian Pacific Railway, Montreal. He succeeds J. N. K. Macalister, who is now Chief Commissioner of the Department. For the past four years Mr. Van Scoy has been superintendent of Colonization for the Canadian Pacific at Winnipeg. In charge of Western Canadian and United States offices, and has had seventeen years' colonization experience with the Company.

## Parliament To Open February Twentieth

By-Elections Will Then Be Over Before Session Starts

Ottawa.—Parliament will open on Thursday, February 20, or about two weeks later than the opening date last year. In announcing the date of the opening, at the conclusion of a long cabinet meeting, Premier Mackenzie King pointed out that by-elections were pending in three constituencies and that it was desirable to have them over before the session commenced.

The three constituencies in which by-elections are to be held are Bagot, Chateaugay-Huntingdon, and Brandon. In the latter constituency, where Hon. T. A. Crerar, Minister of Railways and Canals, is seeking election the contest is set for February 12, while in the other two constituencies the date is earlier. Consequently, it may be possible to have the three successful candidates in the House on the opening day.

## Retiring Ambassador Will Visit Canada

Sir Esme Howard To Spend Few Days In Dominion

Washington.—Before his retirement from the diplomatic service about the third week in February, Sir Esme Howard, British ambassador to the United States, will pay a visit to Canada to say goodbye.

Sir Esme Howard and Lady Isabella will spend the last few days of January in the Dominion, visiting Montreal, Toronto, and Ottawa. In the Canadian capital they will be the guests of their Excellencies the Governor-General and Lady Willingdon, at Government House. On January 26 the ambassador will dine with the Canadian Club, at Ottawa.

## Will Sound Public Opinion

Premier Anderson Considers Natural Resources Question Most Important Problem Facing Saskatchewan

Saskatoon.—Before replying finally to the offer of the Dominion Government to transfer the resources to the province, the government of Saskatchewan proposes to ascertain to a considerable extent the exact state of public sentiment in the province. Dr. J. T. Anderson told a board of trade gathering at luncheon here.

One delegation, he said, had already been interviewed on the subject and another would be seen very shortly.

"It was the most important problem facing the province at the moment, he declared, and he held the view that the consensus of opinion of the citizens generally should be ascertained in order that the attitude taken in the reply which would be made, would be representative of the general sentiment in the province.

## Pass Canadian Medical Test

Group Of Menomonees May Come To Canada Shortly

Berlin.—"I only wish it were true," was the comment of Dr. Straub, deputy Minister of Refugees, when asked regarding a report that 3,000 Menomonees were to be sent to Canada and Mexico immediately.

Actually only 137, composed of 30 families and five single men, so far have passed the rigorous medical examination of the Canadian Canadian physician, Dr. S. Gardner.

A cable has already been sent to Ottawa for permission to allow 200 to depart for Canada as soon as the Canadian Federal immigration doctor at Hamburg confirms the medical tests of Dr. Gardner. The first group will likely leave late in January.

## U. F. M. WILL STUDY FORM OF CROP INSURANCE

Brandon.—Insurance against agricultural ills as a means of remedying the farmers' financial condition is to be investigated by the directors of the United Farmers of Manitoba. The annual convention voted to instruct its board of directors to probe the feasibility of crop insurance and similar protection.

Co-operation of the United Farmers of Alberta, and of the United Farmers of Canada, Saskatchewan section, will be sought in the resolution. In the resolution approved by the farm meeting it was requested that a report be submitted at the next annual session.

"Every other type of business is able to obtain insurance," stated John Arnott, of Roblin, sponsor of the farm meeting, "and it is in greater need of protection than agriculture. Uncontrollable weather and crop conditions have caused the present financial situation among farmers. Financial insurance such as is available now is very inadequate as a means of assuring the farmer of a living."

Reorganization of agriculture is the present day need of Manitoba, commented Hon. T. A. Crerar, Dominion Minister of Railways, speaking recently before the annual convention of the United Farmers of Manitoba. Diversified farm operations, he considered, offered the solution for the province's farm problem.

In his first public speech since re-entering into politics as a minister in the Mackenzie-King cabinet, the former Progressive leader made no reference to political affairs. Mr. Crerar outlined the progress of the United Farmers of Manitoba since organization in 1903. He referred to the fight for changes in the Canada Grain Act, reductions in tariff, and creation of market grain organizations.

"There never was a time when the United Farmers of Manitoba was so necessary as it is today," remarked Mr. Crerar, referring to the opinion of those who considered that the provincial body should be discontinued.

He thought the United Farmers might investigate the advisability of diversified farming development and stress the value of education, a matter of supreme importance in rural life. Such objects he considered as vital securing better means of credit, more favorable freight rates and lower tariffs.

"Canada is stepping into the arena of public affairs," the minister of railways commented. "On Canadian today rests the responsibility of laying the foundations of equity, justice and right. I know of no organization which can better fulfill the duties in the province than the United Farmers of Manitoba."

## NAVAL POLICY OF BRITISH PREMIER CAUSES CONCERN

London, Eng.—A certain amount of uneasiness is expressed in some of the newspaper editorials with regard to Premier Ramsay MacDonald's statement on leaving Lissleworth for London.

"Britain, with the full consent of the admiralty up to now, is prepared to make proposals which will mean considerable reduction in the naval program without in any degree impairing the security of the empire."

The Morning Post says: "The country still is in the dark as to what the proposals are, and adds: 'While Premier MacDonald claims to be an exponent of new diplomacy, his methods have been at least as secretive as the old.'

The Daily Telegraph states: 'It must be said that Mr. MacDonald's disclosure and confirms too well an apprehension that has long been entertained. Does he approach the conference with a clear resolution that the country's and the Empire's naval necessities shall be in no way compromised by any forthcoming agreement? What is feared—and the tone of this new statement confirms the fear—is the prime minister's intention to justify his own optimism by producing the result of the conference, a naval agreement by hook or by crook, and will not be deterred if it is found attainable only through the reckless sacrifice of British naval interests.'

## Will Introduce Radio Bill

Measure Will Be Discussed At Fortnightly Session

Ottawa.—A bill will be introduced into parliament at the coming session, as a result of the report of the Radio Commission. It will likely be referred to a special committee of the House of Commons before which all interested parties would be given an opportunity of expressing their views.

Hon. P. J. A. Caudin, Minister of Marine and Fisheries, whose department is responsible for radio matters, will introduce the bill. The question will be before cabinet next week when a final decision will be arrived at as to the bill. "My only desire and the only desire of the government is to provide legislation with respect to radio that will please the majority of the people of Canada," Mr. Caudin asserted.

The minister explained that there was a very difficult matter on which to legislate.

He was most anxious to get the consensus of public opinion and accordingly the committee would likely welcome views from every quarter. Amendments to the bill proposed by the committee would be given careful consideration by the government because the object was to get as much as that would best serve the public interest.

The radio commission headed by Sir John Aird during the summer brought in a report favoring radio broadcasting to be placed in the hands of a national body controlled by the Dominion and on which the various provinces would be represented.

## Date Subject To Change

But Prairie Air Mail Likely To Start February Third

Ottawa.—Officials of the post office department have tentatively set the date of the inaugural of the prairie air mail service on February 3.

Indications at present are that the first flight between Winnipeg and Calgary will be made on that date, but it is pointed out that everything depends on the complete installation of beacon lights over the route.

Considerable delay has already been caused through a shortage in the supply equipment for night flying, and officials see the possibility of a further delay in the service being commenced until installation of lighting equipment is completed, as most of the flying will be done at night.

Court House For Saskatoon

Saskatoon.—Saskatoon is to take the first step in taking the provincial government for the erection of a court house at Saskatoon. The matter came under discussion at the council meeting this week, and it was decided to bring the matter to the attention of the government.

Shipments Reduced

Washington, D.C.—Official Canadian reports available at the treasury showed that exports of alcoholic beverages from Canada to the United States, for November, amounted to 250,496 gallons, a decrease of 225,416 as compared with November of 1929.

MINE WORKERS' DELEGATION  
APPEALS TO GOVERNMENT

EDMONTON, Jan. 28.—Contending that of 11,300 miners with efficiency certificates now resident in Alberta, not more than 7000 are needed to operate the mining industry in the province, a delegation representing the Mine Workers' Union of Canada met Premier J. E. Brownlee and A. A. Miller, chief inspector of mines, Monday, to press for the elimination of a class B certificate clause from a new mines act which will be submitted to the legislature at the coming session.

Several other important items were proposed by the delegation, including the enactment of a clause on the proposed act to have the working days within the mines cut to six hours, and the elimination of the provisional certificate clause.

The delegation was headed by Frank Wheatley, Calgary, president of the Mine Workers' Union of Canada, and included Major Hyalop, secretary, Calgary; Evan Morgan, Blairmore; John Lowe, Lethbridge; A. Leivers, Wayne; P. Barclay, Canmore; A. Pruett, Nordegg; James Childstone, Lacar, and E. S. Wegel, Drinnan.

The operation of a B class certificate as proposed by the act would be a method of procuring cheap labor, the delegation urged, and under the class B clause a class B miner would be a subordinate to a class A, and in a manner subject to the foremanship of the latter. There is no necessity, the delegation also urged, to have the provisional clause in force. Under this clause a miner may, when there is to be no holding of miners' examination classes within two or three months, appear before a district inspector, and if he satisfies him, obtain a provisional certificate permitting him to work as a miner until the next sitting of the formal examination classes.

The delegation declared that with 11,300 miners now certificated and only 7000 needed, there is ample opportunity for the operators to draw from already certificated men. In applying for the six-hour day schedule, the delegation believed that compromise could be reached and settled at seven hours, this schedule now being in effect in England. The miners also want the eight-hour day among surface men made compulsory instead of leaving it to custom, as at the present time, and want the exemption of carpenters, mechanics and teamsters from the eight-hour law eliminated. With the present arrangement calling for salaries to be paid every other Saturday and a provision in the proposed law changing it to bi-monthly, the miners asked that the law be arranged so that pay would be forthcoming each Saturday.

The delegation is in favor of a provision to have miners' earnings gauged on the 2000-pound ton measure instead of the long ton, 2140 pounds, at the present time, but want the weights to be measured before the coal is screened. Certain technical improvements in safety clauses also are asked.

"We received every consideration from Premier Brownlee and Mr. Miller," Mr. Wheatley said, "and we are sure that our meeting will have some good effect."

## THE FLUVIER'S LAMENT

I come from haunts of nut and bolt,  
Where I was put together;  
Along the King's Highway I felt,  
In various kinds of weather.

I round a corner on two wheels;  
I scare a pretty maiden;  
I do enjoy her little squalls  
—With fearsome anger laden.

I hop, I skip, I run, I jump,  
With many shape and trebles;  
I always hit the highest bump;  
I rattle on the pebbles.

I bang, I bang, I bong, I bust,  
I almost go to pieces;  
I'm covered o'er with grime and rust;  
My action never ceases.

I roam through all the countryside,

## Here and There

(423)

"Say it with apples." Canadian Pacific Express Company slogan for the sending of gifts by Canadians to friends in Great Britain and Europe, is being extended from Christmas and New Year presents to gifts sent at all times of the year. With the present banner apple crop of Canada, the fruit can be bought at a reasonable price and its quality is of the highest. If sent overseas before the close of navigation on the St. Lawrence coast will be considerably reduced.

Over 300 officers and men of the 4th Canadian Mounted Rifles first mounted regiment, formed in Toronto at the outbreak of the Great War, is holding its first reunion since the war at the Royal York Hotel, Toronto, November 29 next. The unit is proud of the fact that it still has in its ranks T. Holmes of Toronto, youngest Victoria Cross holder in Canada who captured an enemy machine gun nest singlehanded at Passchendaele.

An apple tree, over a hundred years old, remarkable for its symmetry and having this year produced 22 barrels of Calkin Pippin apples, is attracting much attention in the orchard of Downey Morton, Lakeville, King's County, Nova Scotia. Mr. Morton picked apples from the same tree 55 years ago and it was then a fully grown tree. Today he believes it to be well over the century mark.

The arrangement existing between the Canadian Pacific Railway and the Government of Nova Scotia with regard to English immigration which has proved mutually satisfactory, will be continued for the coming year, is the recent announcement of L. B. Fraser, secretary to Premier Rhodes.

Superior grazing conditions in British Columbia are given as the reason for a shipment of 3600 grade Ramboulet ewes and rams from Montana recently made to the Vancouver Live Stock Exchange for distribution to sheep raisers in the Kamloops and Cariboo districts of British Columbia.

The farm of Gustav Elger of Wetaskiwin that won the trophy recently offered by the Edmonton Board of Trade for the best field of wheat in the northern half of the province of Alberta, as well as the cup donated by the Alberta Government for the best farm in Alberta, has yielded 46 bushels to the acre on a 100-acre field and graded No. 1 hard. Elger is another farmer who came to Canada without capital and has made a striking success.

The British Family Re-Union Association has just been created by the Canadian Pacific department of Colonization and Development. Backed by influential organizations, groups and individuals — to promote increased British settlement in Canada. It will particularly benefit heads of families in Canada desirous of having their wives and families join them in the Dominion, and others, established on this side wishing to help relatives or friends overseas to emigrate to the Dominion for permanent residence.

## "TELL US"

Where can a man get a cap for his knee,  
Or a key to the lock of his hair;  
Can his eyes be called an academy  
Because there are pupils there?  
In the crown of his head what gems are found,

Who travels the bridge of his nose;  
Can he use when he shingles the roof of his house

The nails on the end of his toes?  
Can the crook in his elbow be sent to jail,

If so, then what did it do?  
And how does he sharpen his shoulder blades,  
I'll be hanged if I know, do you?

Can he sit in the shade of the palm of his hand,  
Or beat the drum of his ear?

Do the calves of his legs eat the corn off his toes,  
If so, then why not grow corn on the ear?

Passer-by—What is the horse power of your car?  
Voice under car—Forty.

Passer-by—What's wrong with it?  
Voice from under car—As far as I can make out, thirty-nine horses have bolted, and the remaining one is too upset to answer questions.

At night when darkness covers;  
Beneath the moon and stars I ride  
With young and happy lovers.

Although I hate like hell to crow  
So modest am I ever,  
Big cars may come, big cars may go,  
But I go on forever!

E. D. BATTRUM, Auditor.

Dated at Blairmore, Alberta, this 16th day of January, 1930.

Address of Auditor: 219 P. Burns Building, Calgary, Alberta.

## ELKS ELECT OFFICERS

At the regular meeting of Blairmore Lodge of Elks, held in the Moose Hall on Tuesday night, the officers for 1930 were duly elected as follows:

Junior P.E.R.—J. A. Kerr.  
Exalted Ruler—C. J. Tompkins.  
Leading Knight—W. W. Scott.  
Loyal Knight—H. O. Westrup.  
Lecturing Knight—E. A. Harper.  
Secretary—J. R. McLeod (re-elected).

Treasurer—J. V. McDougall (re-elected).

Inner Guard—D. Kemp.

Tyler—W. McVey.

Trustee (three years)—J. E. Gil-

lis.

Following the election the board of trustees were commended for their action in securing a more suitable meeting place than has been in use since the inception of the lodge.

The attendance prize, put up by the lodge, was won by J. R. McLeod. Luncheon was served at the close of the meeting.

The new officers will be installed at the next regular session on February the 11th.

## CONDUCTORETTES SING

"FARE, PLEASE," TO TUNE OF "MADAME BUTTERFLY"

Although the Japanese may not use

sky-writing or broadcast from airplanes in the great game of business competition, they have gone in seriously for stunt advertising. Witness the struggle for passengers between the Osaka City Bus Company and the Osaka Bus Company.

Not long ago both decided to discharge all conductors in service and hire attractive looking conductresses. One company clothed these girls in blue uniforms, consisting of a blouse and skirt. The other outfitted its girls in smart looking khaki uniforms, patent leather putties and money-bags.

And then the fireworks started.

In a series of advertisements the city company called the public's at-

tention to the smart and neat appearance of its conductorettes, and then to prove the point, engaged a troupe of café girls. These girls were outfitted in the same uniforms and were driven around the city, stopping here and there to render a song and dance for the entertainment of potential bus customers.

It is not known yet whether the public places additional confidence in conductorettes possessed of the ability to sing or whether a modern Eve capable of giving just plain transportation service will do the trick.

A scientist says that one day women will become the ruling sex. Yes, after the marriage ceremony.

## Balance Sheet as at December 31st, 1929.

ASSETS		LIABILITIES	
Cash on Hand Dec. 31, 1929	\$ 364.08	Accounts Payable:	
Bank Balance at Dec. 31, 1929		To Supplementary Revenue Collections	\$ 481.73
Municipal Account	12,628.80	School District Balance at Credit	265.27
School Tax Trust Account	65.27	Sundry Accounts	500.00
Uncollected Municipal Taxes	13,058.15	Accrued Debenture Interest	720.00
Accounts Receivable:	13,634.02	Light Deposits	490.50
Electric Light Consumers	\$ 2,045.86		2,457.50
Water Consumers	1,254.80	Depreciation Reserve	6,903.37
Other Accounts	1,299.80	Debenture Liability	16,616.50
	4,600.46	Uncollected Trust Taxes	
Debenture Assets:		Supplementary Revenue	\$ 1,792.99
As depreciated by Debenture		School	18,789.10
Principal Repayments of the Year	\$16,616.50		20,582.09
Pending Capitalization by Debenture Issue—		Surplus Assets:	
Waterworks	4,150.50	Revenue Surplus	\$ 6,086.98
Fire Equipment	1,735.80	Town Property Surplus, Debentures Redeemed	47,883.50
	22,500.30		53,970.48
Inventories:			
Public Works Material	\$ 3,017.14		
Electric Light Material	172.55		
Waterworks Material	169.81		
Office Furniture	1,886.22		
Police Department Furniture	156.50		
	5,402.22		
Town Property	15,752.20		
Tax Sale Land	5,000.00		
Uncollected Trust Taxes:			
Supplementary Revenue	\$ 1,792.99		
School	18,789.10		
	20,582.09		
TOTAL ASSETS	\$100,529.94	TOTAL LIABILITIES and SURPLUS	\$100,529.94

Net Taxable Assessment \$923,355.00.

Proportion of Debenture Debt to Assessment 1.8%.

Population 1800.

Debt Per Capita \$2.24

I hereby certify to the correctness of this statement.

E. D. BATTRUM, Auditor.

Dated at Blaimore, Alberta, this 16th day of January, 1930.

Address of Auditor: 219 P. Burns Building, Calgary, Alberta.

### CURLING CLUB DRAWS.

FEBRUARY 3rd to 7th

All draws are in the West Canadian Collieries' competition, except the first draw, Wilson vs Rhynas, which is the final in the Morgan cup competition.

Monday, Feb. 3rd—4 p.m.: Wilson vs Rhynas (Morgan, final), Chappell vs Millar, Jenkins vs Congdon. 9 p.m.: Campbell vs McDougall, Upton vs Kerr, Morgan vs Rose.

Tuesday, Feb. 4th—7 p.m.: No. 1 ice reserved for ladies, Cruickshank vs Rhynas, Thompson vs Upton. 9 p.m.: Cruickshank vs Congdon, Morgan vs Jenkins, Wilson vs Campbell. Wednesday, Feb. 5th—7 p.m.: Wilson vs McDougall, Congdon vs Rose, Kerr vs Thompson. 9 p.m.: Chappell vs Rhynas, Millar vs Cruickshank. No. 9 ice open for postponed games. Thursday, Feb. 6th—7 p.m.: Campbell vs Millar, Rhynas vs Jenkins, Kerr vs Rose. 9 p.m.: No. 1 ice reserved for ladies, Congdon vs Morgan, Thompson vs Jenkins.

Friday, Feb. 7th—7 p.m.: Congdon vs Thompson, Campbell vs Millar, Morgan vs Kerr. 9 p.m.: Upton vs Rose, McDougall vs Rhynas, Wilson vs Chappell.

### A Notable Crowd

Speaker: "And where, I ask you, is Julius Caesar? Where is Attila, the Hun? Where are Moses, Robert Bruce, Charlemagne, Hannibal?" Enthusiastic Usher: "Stand up, boys, so's the gent can see you."

The Rev. Mr. Smille, off on a vacation fishing trip, was horrified to hear a thoughtful angler using words that had a dark blue tinge. "My boy," he remonstrated, "don't you know that the fish will never bite if you swear like that?"

"I know I ain't very good at it," replied the youngster apologetically, "but I thought maybe I could get some little ones on the few words I know. Here, you take my pole and see what you can do."

### Here and There

447  
Born on Canadian Pacific Railway line, "The Dominion," near Kanaka, British Columbia, recently, a child has been christened Christiana Patricia Rosalind, the names being arranged to make the initials "C.P.R." in honor of her birth on the railway. Little Miss C.P.R. is the daughter of Mr. and Mrs. J. Peterson, of North Vancouver, B.C.

The biggest and most brilliant season of winter sports in the history of Quebec City is the description of the forthcoming festival at the Ancient Capital reserved at general tourist headquarters of the Canadian Pacific recently. The season which is now open will include four high lights: the Fete de Nuit, January 20; the Ice Festival, February 12-13; the International Dog Sled Derby of 120 miles, February 20-22; and the Masquerade Ball at the Chateau Frontenac, February 21.

E. W. Beatty, chairman and president of the Canadian Pacific Railway, recently presented the Queen's Open Revolver Championship trophy and medals to C.P.R. police team No. 1 of Ontario, the Lehighville team of the Royal Canadian Mounted Police in the finals with a score of 1412 out of a possible 1500. Members of the winning team are Constables Prendergast, Gryves, Stinson and MacDonald and Investigator O'Brien.

Canadian Pacific liner Empress of Japan, largest and finest ship on the Pacific coast, was launched from the yards at Glasgow December 17 and will be in service from Vancouver early in the New Year. Well on the way to launching is the 40,000-ton giant, the Empress of Britain, destined to revolutionize Atlantic travel to and from Canada to Europe with a scheduled time of five days from continent to continent.

Shi-ling over two hundred miles of British Columbia and sealing five passes of which three have an altitude of over 8,000 feet, the trip from Vancouver to Jasper Park Ski Club, which in January make the trip from Jasper Park to Banff to attend the annual winter sports carnival that opens in February.

New Brunswick's field crops for 1929 have an estimated value of \$25,722,000 as compared with \$18,250,000 for 1928 and \$15,413,500 for 1927, according to reports from the Dominion Bureau of Statistics just issued.

Over \$150,000 was mailed recently as final payments to members of the coarse grain pools of Manitoba and Saskatchewan on the 1928 crops of oats, barley, flax and rye. This brings total payments to provincial pools by the Central Selling Agency to 613¢ per bushel on oats; 59½¢ per bushel on barley; 62½¢ per bushel on flax; and 98½¢ per bushel on rye.

Manitoba's success at the Royal Winter Fair, Toronto, recently, is described by Premier Bracken as "the most remarkable ever achieved by the province." Both in number and variety of championships and other winnings the records of past years have been far eclipsed.

### WANTED—A LIST OF

#### DEAD CORPORATIONS

In thinking of stocks that are no more, an editorial writer in the Chicago Journal of Commerce comes to the conclusion that "one of the sore needs of the country is a single complete directory of extinct corporations." This, we are told, would be useful to statisticians, collection agencies, and individual investors. To quote further:

"In every bull period many a man goes down to the bottom of his trunk and digs up the engraved paper that stands for money he used to have. Who knows but that this corporation may have created to prosperity along with a horde of others. But the tables in the newspapers don't list it, and when he starts hunting for information, he has the devil's own time getting on its track. Ten or twenty years ago it expired, leaving so faint a record that its name is not to be found in any of the published directories of corporations that are no longer doing business.

But the obscurity may not forever continue. New York State has decided by law that corporations, which for five years have neglected to file required reports and pay the annual franchise tax, shall be removed from the ranks of live corporations, and their names shall be made available to the public. A recent issue of The New York State Bulletin, published by the Secretary of State of New York, at Albany, lists ninety thousand corporations that are thus dissolved. Every State ought to have a similar law, and publish a similar record. Then the means would be at hand for combining all these lists into a single complete directory. Many of these were once thriving; others had brief, speculative, and disappointing careers; and then there were some that never really began functioning. But their names clog up the records and cause a deal of minor friction. This would be avoided if every State legally dissolved its actually dead corporations, and issued a list of them periodically. Literary Digest.

### Here and There

394  
In commemoration of the ill-fated d'Anville expedition which encamped on the shores of Bedford Basin in 1746 and in which d'Anville and many of his men died of illness, His Honor Lieutenant-Governor Torry of Nova Scotia unveiled a monument erected by the Historic Sites and Monuments Board of Canada at Roncesvalles, N.S., recently. Many distinguished guests attended the ceremony.

Total quantity of strawberries exported from Nova Scotia to the United States during the present season was 7,304 crates with 32 boxes to the crate. The blueberry crop of the province has attained record proportions, 20,914 crates having been shipped to Boston so far this year, with another month to go, as compared with 17,442 crates for the whole season of 1924.

Major prize winners at the Highland Gathering and Scottish Festival recently held at Banff are announced as follows: Pipe Sergeant Donald McLeod, of the Queen's Own Cameron Highlanders of Winnipeg, is the winner of the special inter-regimental competition for delegate pipers from Canadian Highland regiments of the E. W. Beatty Trophy; Pipe Sergeant J. K. Cairns, of Hamilton, is the winner of the special trophy competition, open to all regimental pipers who are regular members of a pipe band officially connected with any regiment or unit of the Canadian militia; and Piper Hector McDonald, of the Highlanders, Montreal, took the highest aggregate number of points over all in the open piping events.

According to figures obtained by the Canadian Pacific Steamships Limited, the port of Vancouver now ranks first of Pacific Coast ports, surpassing San Francisco and Los Angeles in volume of outward and inward shipping traffic and tonnage of exports and imports.

"I am paying my first official visit to Canada as Chief of the Salvation Army and while here I hope to meet at the three annual gatherings to be held in the Dominion City of the Salvation Army in Canada and Newfoundland," said General E. J. Higgins, newly elected head of the Salvation Army, who arrived at Quebec recently on board S.S. Empress of Australia.

More than 365 miles of new rail lines in western Canada will have been completed and handed over to the operating department of the Canadian Pacific Railway in the period between June 15 and September 16 of this year, is the statement made recently by D. C. Coleman, vice-president of western lines of the system. This mileage does not include Mr. Coleman added, under construction, 187 miles of new rail lines in the province of Saskatchewan.

Inauguration of 1,250 miles of air mail service on the Prairies is expected about October 1. Linking Winnipeg with Canmore, Alta., and thereby saving a day's time between the points.

The Peace River district is invaded by the most important group of visitors ever to penetrate its frontier on a large scale. It was the members of the 1929 convention party of the Canadian Chamber of Commerce left Edmonton in three trains for "four days' solemn" in that section. The party was lodged here by the hotel to the 14th, except exception of the Vancouver Board of Trade.

### Home Missions

Old Lady: Where did you get all those nickels, sonnie?

Sonnie: Down at the church.

Old Lady: Did you steal them, you naughty boy?

Sonnie: Oh, no; the minister said that this money is all for the heathens. Me and pa is atheists, so I took a handful.—Selected.

She—"Now, you pride yourself on being able to judge a woman's character by her clothes. What would be your verdict on my sister over there?"

He (looking at her sister's scant attire)—"Insufficient evidence."

You've heard about the raisin With the kick of ten per cent; But the raisin with the wallop Is the raisin' of the rent.

**WORLD HAPPENINGS  
BRIEFLY TOLD**

Five hundred and fifty-three home-  
steads and eighteen soldiers' grants  
were filed on through the Dominion  
Land Office, at Edmonton, during the  
month of November.

Talking pictures are not yet favor-  
ed in Sweden. This has been revealed  
by the "Svenska Expressen," a morning  
paper of Stockholm, through a  
nation-wide symposium.

For the first time in 15 years, due  
to poor crops and general depression,  
the Moose Jaw poultry association  
will not stage its annual show. Declin-  
ing to this effect was reached at the  
last regular meeting.

The population of continental United  
States increased 14,299,040 in the  
ten years ended July 1, 1928, to 119,-  
805,000, the National Bureau of  
Economic Research, New York, has  
announced.

In Canada to study railroading, Jun  
Ke Choy, special representative of the  
Chinese National Government, will be  
visiting at the headquarters of the  
Canadian Pacific Railway, Montreal.

Award of the 1929 Nobel prize for  
literature to Thomas Mann was the  
fourth Nobel award to be given to a  
German. France is second in the list  
of winners with 23. Of the two score  
German prizes, 31 were for scientific  
achievement.

Diplomatic negotiations will be  
started shortly in an effort to induce  
the Chinese Government to rescind an  
order refusing permission to the  
Japan Air Transport Company to op-  
erate mail and passenger aeroplanes  
between Japan and Shanghai. It is  
understood at Tokyo.

Announcement was made by Hon.  
W. H. Price, Ontario attorney-general,  
that the government would not  
launch prosecution against those  
named in the report of Gordon Wal-  
dron, K.C., commissioner who recently  
investigated activities of the "Amal-  
gamated Builders' Council" in several  
cities under the Combines Investiga-  
tion Act.

**Modernizing China**

Old Style Chinese Lunar Calendar  
Gives Way To Newer Method  
China's modern battle between the  
Chinese style lunar calendar and the  
"foreign style calendar" entered a  
new phase, when, by order of the Na-  
tional government, decision was made  
according to the lunar calendar be-  
came no longer legal.

This is the most concrete attack yet  
made against the age-old Chinese  
method of reckoning passage of the  
months by the moon. The government  
efforts to bring about universal adop-  
tion of the foreign or Gregorian  
calendar has proved futile, in spite  
of announcement of penalties even for  
the printing or possession of the old  
style calendar.

**Saskatchewan Lumber Industry**

**Millions Of Board Feet Of Lumber To  
Be Sawn This Winter**  
Between now and next spring 100,-  
000,000 board feet of lumber will be  
sawn from Saskatchewan logs and  
thousands of cords of fuel will be  
made available for market. "It is a  
great fact for prairie dwellers to ap-  
preciate fully the size of this northern  
industry," says the "Saskatchewan  
Farmer," which adds, in regard to  
improved lumbering methods and the  
saving of waste, "at least one indus-  
trial firm is talking of using billboards  
as discarded junk in the manufacture  
of creosoted fence posts and other  
materials."

The proprietor of a well-known ice-  
cream firm has gone bankrupt.  
He is up to his eye in debt.

**Ramifications Of War**

Future Wars Will Be Carried On  
Against Civilians As Well As The  
Soldier At The Front

In modern war it is not armies that  
are mobilized, but nations, and it is  
as important in a military sense to  
starve or bombard the women who  
are making shells in the factories as to  
kill the soldiers who are firing the  
shells. It is as important to cut off  
the food supplies from the people who  
make the munitions as it is to cut off  
the munitions supplies from the firing  
line.

War in the future will not be,  
and cannot be, more humane than in  
the past; it must be immeasurably  
more humane, for not only has the  
"civilized" ceased to exist in the war  
sense, but the modern weapons of  
war, the airplane and the submarine,  
are especially adapted to carry de-  
struction beyond the theatre of war  
into the homes of the people.—A. G.  
Gardiner in the London Star.

**Result's Prove Satisfactory**

Japanese Poultry Dealers Pleased  
With Hatching Eggs From B.C.

The Co-operative Association of  
Poultry Breeders, of British Colum-  
bia, reports remarkable success in the  
shipment of hatching eggs to Japan.  
A report just received from consign-  
ees (the Oriental Poultry Estate,  
Utsunomiya, P.O. Chibana, Japan),  
states that out of the 45 eggs sent  
six months ago by the steamer "Man-  
gros of Russia," 43 hatched out good  
chicks, and that there are now 23  
cockerels and 17 pullets, the latter  
starting to lay. The association be-  
lieves this to be a record for so long  
a journey, and states that the results  
testify to the great care taken in the  
transportation of the delicate consign-  
ment.

**Where Danger Lies**

Accidents Happen—Often in  
Unexpected Ways Insurance  
Officials Find

Those who lack courage for new  
enterprise, due to fears for their  
physical safety, should take heart  
from the records of a Pittsburgh in-  
surance company. If they hesitate be-  
fore crossing Sixth Avenue at Thirty-  
Fourth Street, or put off from day to  
day their first airplane ride, a glance  
at reports of accidents which happen  
to people in the peaceful pursuit of  
hundredth routine should make the  
avenue and the air seem safe by com-  
parison.

An official of the company was in-  
terested in compiling a list of the un-  
usual and unexpected hazards which  
seem to go far out of their way to  
find a victim. For fifteen years he  
kept record of them.

One man kicked a tire out of his  
auto and broke the bones in his own  
foot. Another chased a chicken  
through a barbed-wire fence, and  
while the wolf escaped, the pursuer  
was painfully hung up. Then there  
was the sad case of one who was so  
accidentally embraced by a friend that  
a rib was fractured.

Another unlucky individual put in  
a claim for injuries sustained while rid-  
ing in a trolley car; a workman had  
driven a shovel of hot as-  
phalt into the ear and into the claim-  
ant's lap.

Talking quietly to a friend in the  
lobby of a building might be consid-  
ered perfectly safe. Yet in just such  
places circumstances of the insurance  
company reports, a horse came charg-  
ing into the hall, and trod on the foot  
of one of the talkers.—New York  
Times.

**Recipes For This Week**

(By Betty Barclay)

**LEMON COCOANUT FILLING**  
1 cup grated coconut.  
1/2 teaspoon salt.  
2 cups water.  
1/2 cup lemon juice.  
2 cups sugar.  
7 tablespoons cornstarch.  
Cook all ingredients together in  
double boiler for 45 minutes.

**DEVIL'S FOOD**

1/2 cup butter.  
1 cup sugar.  
2 egg yolks.  
1/2 cup milk.  
1 1/2 cups flour.  
3 teaspoons baking powder.  
2 egg whites.  
2 squares chocolate.  
Grated rind 1/2 orange.

Cream butter; add, gradually, one-  
half the sugar and melted chocolate.  
Beat yolks of eggs until thick and  
lemon-colored, and add gradually,  
the remaining sugar. Combine mixtures,  
and add milk, alternately, with flour,  
sifted with baking powder; then add  
whites of eggs, beat stiff, and grad-  
ually of orange rind. Bake forty-five to  
fifty minutes. Frost with boiled  
orange frosting. When frosting is  
cool, spread a thin layer of melted  
chocolate over the top.

**Expense Does Not Count**

New York Hotel To Be Built First In  
Miniature

If the New Waldorf-Astoria, isn't  
everything it ought to be, architectu-  
rally, the fault won't be at the door  
of Lucas Boomer, Boh Bar of the pro-  
jected caravanserai. Blue plans and  
architect's drawings may be all right  
for some folk, but not for Lucas. He's  
hired a floor in a building in 45th  
street, and over a space of 6,500  
feet is having erected exact duplica-  
tions, on a smaller scale, of practi-  
cally every important structural unit  
of the new town. These will be fitted  
together and then Old Man Boomer  
will stand off and take a squint at  
the ensemble. Anything he doesn't  
like will be corrected before it's too  
late.

Another section of the floor space  
will be a primitive stratum where  
interior decorators, artists and  
others will work out the color scheme  
of the new hotelery. Entire rooms  
will be reproduced and destroyed until  
the complete equipment receives a  
verdict of "not guilty" from the jury  
that is to decide how the hotel is to  
be presented to the public.

The cost of the experimental work  
will be \$200,000.

**Device Aids Motorists**

To tell motorists whether they are  
on the road or are headed for a ditch,  
a device called the "roadmeter" has  
been invented in England. It contains  
a level, and depends for its operation  
on the principle that most roads are  
graded to curve upwards at the centre  
and slope off at the sides. The  
inventor claims that it will eliminate  
most of the accidents due to fog.

A rule may work both ways and  
still be a poor one.

**New Device For Lifeboats**

Fire Projectile Two Hundred Feet  
and Releases Flare

Some of the blind helplessness of  
life boats at sea at night is likely to  
be relieved.  
The army, the navy, the steamship  
inspection service of the U.S. Depart-  
ment of Commerce, and the Coast  
guard have under development a de-  
vice to that end.

With it a man can carry in his  
coat pocket the equivalent of a stand-  
ard lighthouse, two hundred feet  
high, with a light of fifty thousand  
candle power, with which to signal  
for help or guide rescue vessels.

The device resembles a big .45 cal-  
ibre pistol, although its barrel is a lit-  
tle fatter. It fires like a pistol and  
projects upward two hundred feet or  
more a projectile about the size of a  
big cannon cracker. This bursts and  
releases a fifty thousand candlepower  
flare, suspended from a parachute.

The suspended light burns thirty  
seconds and the pistol is designed to  
be reloaded with one hand so that  
any desired succession of lights or  
even a code of signals can be sent  
aloft.

Waves washing over the lifeboat or  
water swamping it have no effect on  
the reliability of the pistol. Its salt  
water has been stored in salt  
water for more than twenty-four  
hours without effect.

**Scot At Dry Year Forecast**

University Of Saskatchewan Sci-  
entists See No Room To Expect  
Drought

Scientists at the University of Sack-  
atchewan, declined to accept the  
statement of Dr. Ralph Delury, of the  
Dominion Observatory, regarding the  
probability of a series of dry years.  
His fall is caused by the evaporation  
from the earth's surface caused by  
the heat of the sun, the greater part  
being from that two-thirds of the  
surface of the globe occupied by the  
oceans.

If the heat is constant, the amount  
taken into the air each year is the  
same and the moisture that goes up  
into the air must come down.

Various causes such as the shif-  
ting of the ice cap, may cause  
changes in the climate of certain  
areas, but the total precipitation is  
generally considered to vary very  
slightly.

**Germanes Using New Fuel**  
A hundred thousand tons of mud  
fuel have been ordered by an elec-  
tricity works on the Rhine. A German  
company has discovered how to make  
the mud in the bed of the River  
Emscher into a useful substitute for  
coal.

For thousands of years, rich  
combustible matter has been washed  
down the river from the Westphalian  
coalfields.

One bee-hive usually contains a  
queen, 300 to 400 drones, and 40,000  
workers.

San Marino, the world's smallest  
republic, has the second largest na-  
tional anthem in the world.

**SUNDAY SCHOOL LESSON**

JANUARY 10  
JESUS BEGINS HIS MINISTRY

Golden Text: "Repent ye: for the  
kingdom of heaven is at hand."  
Matthew 4:17.

Lesson: Matthew 4:12-25.  
Devotional Reading: Isaiah 9:2-7.

**Explanations and Comments**

The Kingdom Of Heaven Is At Hand,  
from the time of His coming to Capernaum, Jesus began to  
preach and to say, "Repent," change  
your minds, for the Kingdom of  
Heaven is at hand. The call to repent-  
ance was the message which he gave  
His disciples to proclaim when He sent  
them out two and two to preach, and  
in His final words to His disciples  
after His resurrection. He said that  
repentance and remission of sins  
should be preached in His name unto  
all the nations.

For centuries the Jews had been  
looking forward to the coming of the  
Kingdom of Heaven, and by this  
phrase they meant the restoration of  
their nation to independence and power.  
Jesus had them to make a radical change in  
their way of thinking, and learn the  
truth which He sought to teach them,  
that the Kingdom of Heaven is  
within a geographical not a political  
realm, but a spiritual realm. It is the  
kingdom of the Father's rule in the  
hearts of men.

The Threefold Ministry Of Jesus,  
verses 23-25.—In verse 23, Matthew  
makes a comparison between Jesus and  
John the Baptist. Jesus came to  
work in Galilee.—That He went about  
teaching, and preaching, and healing,  
the language for while sacrifices were  
offered only in the temple at Jerusalem, every town and  
village had its synagogue for worship.

He preached the gospel, of good news,  
of the Kingdom, and healed all kinds  
of sicknesses and diseases. Jesus  
came throughout Syria, and from  
the Decapolis, Judea, and beyond  
Jordan, people came bringing their  
sick ones for Him to cure. The word  
"epileptic," in verse 24, is "lunatic" in  
the King James version. An epilep-  
tic was called a lunatic, from "luna,"  
the moon, because it was believed  
that his disease became worse during  
certain phases of the moon. "Possessed  
with demons and epileptics, and  
palsies" is not found in the original  
manuscript; it may have been added  
here by a copyist to explain "diverse  
diseases and torments."

Jesus' ministry was an itinerant  
one.—He went about from place to  
place teaching and preaching, and  
healing. The nature of His work made  
the fellowship and apprenticeship of  
disciples necessary. The prophets had  
had their scholars, and the scribes had  
had their schools; it was a long estab-  
lished custom, but the need of a  
training school was never as great as  
now. Jesus had many things to  
teach that only trained hearers could  
fathom, many things to do that only  
trained pupils could undertake. He de-  
signed to learn that only a few  
followers could carry out.

**A Mechanical Bellboy**  
A mechanical bellboy, recently  
brought over from Europe, was a new  
feature of New Year's eve festivi-  
ties at one of the hotels in New York.  
It wrote the names of guests on an  
enamel, made announcements and acted  
as assistant master of ceremonies  
during the entertainment.

Teacher.—Now tell me, what sort  
of people will wear the biggest  
crowns when they go to heaven?

Bright Pupil.—Those with the big-  
gest heads.

**"After Baby, Was Weak,  
Shiny, Gained 22 lbs."**  
Babies born weak, thin, and  
shiny. Thousands say so to 15 lbs.  
lost in 10 days. Baby's mother  
says: "After baby, was weak,  
shiny, gained 22 lbs. in 10 days."  
Send for free booklet from Dr. J. C. H. H.

**Honor Intrepid Explorers**

Memorial Erected In England In  
Memory Of John Hornby and  
Companions

The Christian Diary now being pub-  
lished in the London Daily Mail, has  
attracted deep interest in the Old  
Country.

A memorial to Hornby and his  
companions has been erected in the  
Nantwich parish church, near the old  
home of his parents. Members of the  
Hornby family and Mrs. Adair,  
mother of Harold, were present at the  
ceremony.

The dedicatory prayer contained the  
words, "We dedicate this tablet to  
the heroic memory of thy servants,  
John Harold and Edgar, who self-  
sacrificed their lives in the cause of duty  
and honor."

Inspection on the tablet was:  
"This tablet is given to the memory  
of John Hornby, M.C., an intrepid ex-  
plorer, who, on July 21, 1927, was  
found dead on the bank of the Thelon  
River, in Northern Canada, with two  
companions, Harold Adair, 27 years  
old, and Edgar Chantler, 18 years  
old."

The hymn, "Fight the Good Fight,"  
was sung. The tablet before the un-  
veiling was covered with the Union  
Jack. The ceremony was performed  
by the Reverend J. Armitstead, vicar  
of Sandbach, and a cousin of John  
Hornby.

**Educative Blocks**

Children are taught many of the  
words of foreign languages in an  
educative block. It is a small  
block of wood, and becomes the  
aid of a set of blocks now on the  
market. Each unit has different in-  
terchangeable words on the faces so  
that combinations appear as the  
blocks are turned.

There are twenty-six countries in  
southern Ireland, and six in northern  
Ireland.

**DO YOU  
SUFFER FROM  
CONSTIPATION?**

Complete remedies are advertised  
for constipation. Many relieve for  
the moment but they are habit-form-  
ing and must be continued. Others  
contain calomel and dangerous min-  
eral drugs, which remain in the sys-  
tem and cause serious ailments, such  
as aches and pains. Some are harsh  
purgatives which cramp and gripe  
and cause nervousness. The stomach,  
liver and bowels are now active and  
the system enjoys a real tonic effect.  
All druggists 50c and 75c red pills.

**WINDOLITE**  
The Improved  
Glass Substitute  
MADE IN ENGLAND  
COMES WITH A MESSAGE OF HEALTH  
THE sun is the all-powerful life producer.  
Nature's universal disinfectant and  
germ destroyer, as well as stimulant  
and tonic. WINDOLITE is the sun's most  
important ally.  
Medical research has definitely proved  
that from the point of view of Health and  
Hygiene, the most effective among the sun's  
rays are the Ultra-Violet rays, which possess  
the greatest power for the prevention and  
cure of disease and debility.  
Science has further established that or-  
dinary window glass does not allow the pas-  
sage of Ultra-Violet rays, so that by using  
glass we are artificially excluding these vital  
health-giving rays. Therefore, the invention  
of WINDOLITE has completely satisfied the  
long-felt want. Exhaustive experiments  
have conclusively proved that it is a most  
effective substitute for glass, that it freely  
admits the Ultra-Violet rays, and that its use  
has the most beneficial effect on the growth  
and development of plants and chickens, and  
on the well-being of cattle, enabled for the  
first time to have healthy light instead of  
darkness in their stables and barns.  
Indeed, the discovery of WINDOLITE has  
during the last six years completely revolu-  
tionized gardening, given a new stimulus to  
poultry breeding, increasing the egg-laying  
capacity and fertility of chickens, has greatly  
improved the health of cattle and is now be-  
ing used in domestic and household require-  
ments.  
Price \$1.50 Per Square Yard, L.O.B., Toronto.  
Use WINDOLITE in  
YOUR PLANTS  
YOUR CHICKENS  
YOUR CATTLE

## Full Details Given

"I want a shave," said the determined looking man as he climbed into a chair in a barber shop. "I don't want a hair cut nor a shampoo. Neither do I want any ray run, with hazel, hair tonic, hot towels or face massage. I don't want the man to cure me. I just want to hold my hand nor the boot black to fettle my feet. I just want a plain shave with no trimmings. Do you understand that?"

"Yes, sir," said the barber. "Will recovering."

you have some lather on your face, sir?"

Robert Fairbairn, aged resident of Bow Island, died in a hospital at Eugene, Oregon, as a result of injuries sustained when a car driven by his son-in-law collided with a bus. His wife, also seriously injured, died two days later, and the double funeral took place at Eugene. Other members of the party are reported to be recovering.

## Local and General Items

The charges preferred against S. W. Gilroy, Calgary broker, have been withdrawn.

A grand dance, under the auspices of Ray of Hope Rebekah Lodge, will be held in the Oddfellows' hall at Bellevue on the night of Friday, February the 21st.

One of our wise exchanges states that whalebone is not a bone, but is an elastic substance which grows in the roof of the mouth of certain whales. We venture to say that the elastic content of whalebone is such that all the power on earth could not stretch it.

A man named Youngberg, master mechanic at the Maple Leaf mine, had his left hand caught in some machinery on Tuesday, necessitating the amputation of the arm above the elbow. The operation was performed at the Reinhold hospital, Bellevue, and the patient is reported doing nicely.

Elsewhere in this issue appears the annual auditor's report and financial statements for the Town of Blairmore for the year ended December the 31st, 1929. As usual, the report throughout is quite encouraging and reflects great credit upon the administration of Mayor Farmer and his council.

The first of the playoffs for the right to meet Blairmore takes place at the Bellevue arena on Wednesday night next, the Lethbridge "Tigers" being the visitors. The return game is set for Lethbridge on Saturday night, February the 8th. Total goals for the two game to decide. The series with Blairmore will also be home-and-home, total goals to count.

## Here and There

Representatives of the English Folk Dance Society, thirteen in number, are sailing for Canada on S.S. Empress of Britain, October 21, to take part in the English Music Festival arranged by the Canadian Pacific Railway at the Royal York Hotel, Toronto, November 13-18. The party is under the direction of Douglas Kennedy, leader of the English Folk Dance Society. The practice of English Folk Dances has spread in hundreds of thousands in the British Isles, and it is believed that the dancers' visit here will result in the popularization of these dances in Canada.

Approved plans calling for completion of reconstruction within two years will enable the Canadian Pacific Railway to extend the Calgary line through the Battlefords and eventually to the fertile farmlands of the vast Meadow Lake area, linking that part of Saskatchewan to the plains region lying towards Calgary and thence to a coast outlet at Vancouver. This construction will mean the turning of a new page in the history of one of the most promising agricultural sections of Western Canada.

"The mail must go through," slogan of the air mail service was well illustrated recently when S.S. Duchess of Devon docked at Quebec with a heavy mail consignment which had weathered 1-3 prevented taking off at Father Point as is the usual practice. Mails were rushed four miles to the Quebec airport and reached Montreal one hour later. They were delivered by another special plane to the Toronto airport five hours after the Duchess had docked.

Two hundred and forty-eight mink and four foxes, valued in all at \$15,000, were carried recently by Canadian Pacific Express from Ontario and Manitoba and shipped by S.S. Montrose to France. They were all in good shape and represent one of the largest shipments of fur-bearing animals to European breeding farms of recent months. Demand comes from Great Britain, France, Germany, Holland and Switzerland.

For the second time in three years, the Investment Bankers' Association of America held their annual convention at the Chateau Frontenac, Quebec, this October. Over a thousand delegates attended from all parts of the United States and Canada and the convention was addressed by E. W. Healy, chairman and president of the Canadian Pacific Railway.

Beaten out of world series glories, three members of the Yankees Baseball Team, E. Sawyer, coach; Roy Sherid, pitcher; and A. Bengough, catcher, saved their disappointment with a ten-day tour in the Laurentians, hunting section north of Montreal. Hunters coming out of this region last before, reported fine sport, and one of them brought a 52-inch moose head out of the wilds as a trophy.

Messrs. Monkman, Gallaway, Denoon and McKinnon got home from the Crows' Nest bonspiel last Friday morning. They did not bring any trophies, but they won one game; but we don't know how many they played. It was rather cold last week, and one morning Blairmore thermometers indicated 54 below zero; but the Blairmore boys gave them a good time. Monkman was the orator for the visitors, and made a speech at the banquet—Nanton News.

### Forward, Canada!

Lying latent in the nature of almost every individual there is one human characteristic which comes to full bloom in times of excitement, emergency, or undue stress. It is the tendency to indulge in exaggeration. A crowd assembles for some particular reason and the average person estimates the number at two or three times its actual size, or an accident occurs and the report is immediately circulated that the toll of the dead and injured is many times greater than the reality.

So, too, when times are good the impression becomes general that they are better than is really the case, and a "boom" is created, speculation is indulged in far beyond what the circumstances warrant, and the end is ultimate loss, and in some cases disaster. Here in the West indications in any year may point to a fairly large and satisfactory crop yield, and the inevitable tendency is to make estimates of the yield far in excess of what the harvest reveals.

Turning to the other side of the picture, and the same thing will be found to be true. A slump occurs in business, the returns of the crop season are below the average, a degree of unemployment exists, and almost immediately the human tendency to exaggerate comes into play, and everything is painted in much more somber colors than there is any justification for so doing.

This tendency to undue exaggeration is in evidence in Western Canada today to the detriment of the whole country, and to every person resident therein. Recognizing the fact that the crop of 1929 was disappointing and below the average of many years, coupled with the further fact that the burden of the loss has to be borne by certain sections of the country which harvested little or no grain, the impression is created of a practically total crop failure, and that the country is in no good. Such exaggeration ignores the splendid returns of former years, and takes no cognizance of the fact that, taken on the whole, and year after year, Western Canada has been forging steadily ahead. One swallow does not make a summer, nor does one crop shortage, or even failure, condemn a country or provide substantial ground for discouragement and depression, any more than one bumper crop establishes the fertility of any section or justifies a "boom" and extravagant expenditure.

At this time the people of Western Canada, in city and country alike, may well give consideration to, and base their actions upon, the average of conditions. If the grain crop was smaller than usual in 1929, in 1928 it was so big that it shattered all records; if the 1929 grain crop fell below the average, dairy production, in Saskatchewan, for example, increased by three and one half million pounds, a 20 per cent. increase over 1928. The figures of building construction in the West, last year, established new high records; employment was maintained at a high ratio throughout the first nine or ten months of the year, and the present slump is only seasonal and temporary, with prospects for 1930 just as bright as they were in 1929.

Let us remember that if the export of agricultural products by Canada fell off in 1929, the gain in still in Canada to be transported by our railways and sold by our people, and the results will be reflected in the business activity of 1930. Let us be encouraged by the fact that the greatest of our great Western enterprises, the Wheat Pool, has successfully contended with a set of the most difficult circumstances. It has been put to the test, but with the united support of all Canada's banking institutions and business and commercial interests generally, it is now quite evident that it is winning out in its great fight to protect the interests of Canada's great army of producers.

It is impossible in this world for any person, country, or corporation, to forever move forward, onward and upward. It is inevitable that periods of recession must interrupt such steady progress. The stock market cannot forever go on climbing higher and higher; it must take a drop some time. If the pendulum swings too far one way, it must swing back again because an equilibrium must be maintained. We cannot always live on the rarified heights; it becomes necessary at times to descend into the quiet and repose of the valleys.

The position of Canada, and of all Canadian industry, agricultural, manufacturing, commercial, is essentially sound and strong; stronger than that of almost any other country in the world. There is no justification for any depression, because no cause exists for it. To the extent that it is prevalent with some people it is largely a mental condition. Reverses have been suffered by some people in Canada as in other lands, and occasions arise in the life of every one when they meet with a reverse. But a reverse is not defeat. Courageously faced it can be turned to victory.

### Putting Radio To Test

Soviet Radio Station Converses With Byrd's South Polar Party

Over 12,420 miles of sea and land—the northernmost and southernmost outposts of civilization—conversed recently by radio.

The Soviet radio station in Franz Joseph Land, compared weather with Rear-Admiral Richard E. Byrd's south polar party.

The Soviets described an Arctic dawn, and the Americans replied with a description of an Antarctic night-fall.

Byrd asked the Russians concerning progress of the search for Capt. Carl Ben Eielson, American aviator-explorer, lost in the Alaskan Arctic since Nov. 9.

A fly no bigger than a bee has been recorded to do 815 miles per hour.

### Heavy Charge On Industry

Fires Are Costing Canada Almost One Hundred Million Annually

Fires cost Canada approximately \$100,000,000 yearly, according to a statement issued by the Canadian Chamber of Commerce in an effort to introduce to chambers and boards throughout the country a compost on designed to lower this heavy charge on industry.

Business bodies have been classified into four sections determined by population, and a shield will be awarded by the chamber in each section for the organization showing the greatest reduction in fire loss, the most educational activity along fire prevention lines, and the most permanent structural and protective improvements.

### Origin Of Old Superstition

According to a writer in the London "Sunday Times," the superstition that it is unlucky to open an umbrella in the house has its origin in Catholic times, when the priest carried the victim to the dying person under a small canopy in the form of an umbrella, as is still done in Catholic countries today. Therefore the open umbrella in the house became associated with the idea of a death.

Check Pulling Hair With Minard's.

### Vacuum-Cleaners Are Valuable In Mining

Big Aid In Removing Coal Dust And Collecting It For Fuel

Can you imagine a vacuum-cleaner being any use in a coal-mine? Housewives may scoff at the idea, but mining experts don't. They have discovered that vacuum-cleaners are a big aid in removing the coal-dust which settles everywhere in a mine, and collecting it for use as fuel. Coal-dust is frequently the cause of very serious explosions in mines, and it has been proved that even in quantities so small as one-fifth of an ounce to each cubic foot of space, it may produce an explosion. And the effects of an explosion of this kind are far-reaching—they are often at their worst 500 to 800 feet from the place where the trouble started. Various methods have been tried to prevent coal-dust explosions, one of the most widely used being spreading stone dust and sand on the floors of workings.

### THIN-BLOODED PEOPLE ALWAYS FEEL COLD

To Withstand The Rigors Of Winter The Blood Must Be Rich and Pure

Thin-blooded people easily become discouraged. They lose strength; grip, influence and vitality. They feel cold; they feel chilly all the time; their nervous system becomes a wreck; they cannot sleep and life becomes a burden.

To overcome this deplorable state of health good blood is essential. This good blood gives warmth to the body; strength to the nerves and does much to either prevent colds and grip or to banish their deadliest after-effects. Williams' Pink Pills is the perfect blood-builder—they never fail to make new, rich, red blood. They are the ideal tonic for winter use. Concerning their use Miss Kate L. Grant, Merrill, Ont., writes:—"I was very much run down but found health and strength through the use of Dr. Williams' Pink Pills after other medicines had failed to help me. Two years ago I felt tired all the time; had no appetite; was nervous and cold all the time. Nothing I did seemed to do me any good till I began the use of Dr. Williams' Pink Pills. After a short treatment with them the dragging feeling left; my appetite improved; my blood became warmer and my strength gradually increased. This encouraged me to continue the use of the Pills and now I am feeling better than I have done for years."

Dr. Williams' Pink Pills do one thing but they do it well. They build up and renew rich, red, healthy blood thus making weak, run-down men and women strong, active and happy. These Pills are sold by mail order dealers or by mail order, send a box from The Dr. Williams' Medicine Co., Brockville, Ont.

### California Lungs Eat Raisins

At the University of California's there have been held some lamb fattening tests carried out with raisins and other fodder. They show that lambs readily absorb the material weight of reject raisins or raisin pulp with other diet, and that the feed is very nearly as fattening as whole barley and lucerne hay mixed.

Persian Balm—the one toilet requisite for the dainty woman. Delightful to use. Leaves no stickiness. Swiftly absorbed by the tissues. Delicately fragrant. Imparts a velvety loveliness to the complexion. Tones up the skin, soothes and banishes unpleasant roughness or chafing caused by wind and other weather conditions. Makes hands soft and white. Creates an elusive, essentially feminine charm. Persian Balm is indispensable to women of refinement.

Years ago good sleighing for Christmas week meant good business for the merchants. Nowadays if the cars can't run, the merchant is out of luck.

Optimist: "Cheer up, old man. Things aren't as bad as they seem to be."

Pessimist: "No, but they seem to be."

### Smothering Spells Couldn't Walk Far Gaspod For Breath

Mrs. T. W. Roth, Kelowna, B.C., writes:—"For over a year I was troubled with smothering spells, and it was impossible for me to walk, even a short distance, on account of having to gasp for breath."

"A friend told me to try

**MILBURN'S HEART NERVE PILLS**

which I did, and in a short time I felt much better.

"I can now recommend them to everyone."

Price, 50c. a box at all druggists and dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

### Air Must Be Chanted

Pilots Should Know Exact Location Of High Mountain Peaks

Tragic was the fate of the two Britons who crashed into the side of a mountain in Northern Africa, and were killed, while attempting to make a non-stop flight from England to Capetown. It is a reminder that mountains are a greater danger to airmen than rocks are to seamen.

The seas have been so travelled that almost every rock in existence is known, charted, and in some way marked by sign at night. Except for what earthquakes may do by changing the configuration of the bed of the ocean, there is probably no voyage that any ship can make without being fully prepared to avoid submerged rocks.

The air routes will have to be marked out in the same way. This is not the first time that aviators have come to grief through hitting a mountain.

The route to South Africa is somewhat varied terrain. These airmen may have been flying thousands of feet high and felt they were quite safe, forgetful of the peaks which rear their heads far into the clouds.

Long distance passengers may be to increase rapidly, and the pilots will have to be provided with charts which will show them how high they must fly along the routes in order to avoid hitting a mountain.

### Record Of Flying Clubs

Canada's Airmen Had 15,400 Flying Hours Last Year

Members of Canada's 23 light aeroplane clubs flew 15,400 hours during 1929, figures released by the civil aviation branch of the Department of National Defence show. This flying time is equivalent to 1,232,000 miles, and is nearly twice that flown in 1928. Total membership of the clubs is 5,092. At the end of the year there were 336 solo fliers, while 165 private pilots and 58 commercial pilots had graduated from the student ranks of the clubs.

In all infantile complaints that are the result of the depredations of worms in the stomach and intestines Miller's Worm Powders will be found an effective remedy. They attack the cause of these troubles, and by expelling the worms from the organs insure an orderly working of the system, without which the child cannot maintain its strength or thrive. These powders mean health and improvement.

### Recipes For This Week

(By Betty Barclay)

#### SALMON CHATELAIN

- 2 tablespoons gelatine.
- ½ cup cold water.
- 1 tablespoon chopped carrot.
- 1 tablespoon chopped onion.
- 1 bay leaf.
- 2 tablespoons chopped celery.
- 2 cups water.
- Juice 1 lemon.
- ½ teaspoon salt.
- Few grains cayenne.
- Botted or canned salmon.
- Lettuce; lemon slices.
- Mayonnaise.

Soften gelatine in ½ cup cold water. Bring carrot, onion, bay leaf and celery to the boiling point in 2 cups water and boil 4 minutes. Add softened gelatine, strain, add lemon juice and salt to the boiling. Put a layer of jelly in bottom of a mold that has been dipped in cold water. When firm cover with salmon and pour over remaining portion of gelatine mixture. When stiffened unmold on bed of lettuce, garnish with lemon slices and serve with mayonnaise.

#### APRICOT WHIP DESSERT

- 1 package lemon junket.
- 1 pint milk.
- ½ cup stewed apricots.
- 4 teaspoons sugar.
- 2 egg whites.

Make junket according to directions on package. Beat the egg whites until stiff, add the apricots, which have been thoroughly pitted on a sieve, and mix thoroughly. Fill on top of junket when ready to serve.

The area of the world which boasts the least illiteracy is western Europe.

Minard's—The Great White Linctant.

### Use Ancient Method To Heat Cathedral

System Used In Roman Baths Duplicated In Great Liverpool Editice

A system of heating similar to that used by the Romans in their sumptuous bath houses has been adopted for use in Liverpool cathedral, which, when completed will be one of the largest and most magnificent in the world, remarks Mr. Barry Watson, R.A., Sc., C.E., M.E., writing on "Heating the House," in the latest issue of Canadian Homes and Gardens.

"One of the earliest means used for the distribution of heat to points remote from its source, was that invented by the ancient Romans for many of their bath houses," he says: "This was the distribution of hot gases from the fire through underfloor ducts in the building, and it is a significant fact that this same system has just been installed in Liverpool cathedral with the difference, that clean air heated by steam coils, instead of smoke and hot gases from the fire, passes beneath the stone flooring."

In such a system the air of the building is heated by the warmer floor, and upon expanding, due to heat it becomes lighter than the cooler air above and, therefore, floats gently toward the top of the building, while the heavier cool air falls to the floor, to be heated in its turn.

"This movement of the air is a simple example of gravity circulation, in the principal upon which nearly all residential heating systems operate."

Help For Asthma. Neglect gives asthma a grip advantage. The trouble, once it has secured a foothold, fastens its grip on the bronchial passages. Dr. J. D. Kellogg's Asthma Remedy is daily benefiting cases of asthma of long standing. Cases of suffering, however, might have been prevented had the remedy been used when the trouble was in its first stages. Do not neglect asthma, but use this preparation at once.

### Award For B.C. Astronomer

Gold Medal Won By Director Of Dominion Observatory, At Victoria

The gold medal of the Royal Astronomical Society has been awarded to Dr. J. S. Plaskett, director of the Dominion Astro-Physical Observatory, at Victoria, B.C., it has been announced. Dr. Plaskett earned this high award for valuable observations of stellar radial velocities and important conclusions derived from these observations. The Victoria scientist has accepted the Society's invitation to hold the post of George Darwin, Lecturer for 1930, in England.

The formation of large hailstones begins at heights estimated at between 15,000 and 40,000 feet above the ground.

The river systems of the earth are estimated to carry to the ocean each year about 6,500 cubic miles of water.

The lowest point for thousands of miles of the Andes is 10,000 feet above the sea.

### Your Child's Cold Needs this Double Treatment

CHILDREN hate to be "dosed." When rubbed on, Vicks relieves colds 2 ways at once without "dosing": (1) Its healing vapors, released by the body heat, are inhaled direct to the air passages; (2) "It draws out" the soreness like an old-fashioned poultice.

**2 ways at once**  
**VICKS**

OVER 25 MILLION JARS USED YEARLY

### American Farmers Protest

Enter Claim Against British Columbia Smelting Company For Alleged Damage To Crops

A meeting of the International Joint Commission is to be held at Washington, D.C., when the case of the claim entered by the farmers of the state of Washington against the Consolidated Mining and Smelting Co., of Trail, B.C., will be heard.

The farmers claim that the sulphur dioxide fumes from the smelter have done great damage to their crops, have destroyed the fertility of the soil and, as a consequence, have caused financial loss to them. The case was heard in the state of Washington last year, when a thorough investigation was conducted on the spot by the international joint commission.

The smelters company have since proceeded to construct a plant which, by the Cottrell process, will extract the injurious elements from the fumes and which will turn them into fertilizer. The success of this effort, which will cost several million dollars, depends upon the market offering for such fertilizer in the prairie provinces.

Evidence taken before the commission last year showed that while some damage had been done by the fumes, this was scarcely so considerable as claimed. Smelters have been cognizant of the matter for several years and in its own immediate neighborhood in British Columbia, had settled it by purchasing the surrounding land to a wide radius. This method of adjustment is impossible in the United States, however, since the state of Washington has a strict law which prohibits aliens from owning property in that state.

Marie: Is it true that Margaret has a secret sorrow?  
Anna: Why, yes; hasn't she told you of it?

Manogany trees do not reach their full height, until they they are 200 years old.

### Needless Pain!

People are often too patient with pain. Suffering when there is no need to suffer. Shopping with a head that throbs. Working though they ache all over. And Aspirin would bring them immediate relief.

The best time to take Aspirin is the very moment you first feel the pain. Why postpone relief until the pain has reached its height? Why hesitate to take aspirin so harmless?

Read the proven directions for checking colds, easing sore throats; relieving headache and the pains of neuralgia, rheumatism, etc. You can always count on its quick comfort. But if pain is of frequent recurrence see a doctor as to its cause.

**ASPIRIN**  
TRADE MARK REG.

## DELEGATES ARE WELCOMED BY CITY OF LONDON

London, Eng.—London city welcomed the delegates to the five-power naval conference, and as never before, perhaps, the old Guildhall resounded to pleas for international co-operation and goodwill. They threaded their way through the welcoming speeches of Sir William Waterston, Lord Mayor, and the replies alike of the premiers of Great Britain and France.

And in the historic hall was much that told of the city's far-flung commerce and the part her traders have played upon the seas. The color of the trumpeters' resplendent in gold-laced uniforms, rang back to the early days of the London guild-halls. Colorful the walls hung tattered with the colors of the city's regiments. The menu itself bore on the cover the picture of an old square-rigged ship, all sails set, driving its way out to sea.

It was the trader's need for peace that the lord mayor emphasized in his welcoming words. "The people of all nations," he declared, "are yearning for that international co-operation which will enable us to return with diligence and devotion to their peaceful vocations. The ultimate guarantee of security, individual or national, is always goodwill."

"To play its part among the peoples of this great world," Premier Tardieu echoes, "to make them understand each other and bring them together, commerce demands that there should be no war," he proceeded.

"I affirm in the name of all Americans, British, French, Italian, and Japanese—that we are determined to succeed. We have faith, that faith which it is said moves mountains, and which, therefore—at least we hope so—will move naval armaments from the perilous waters of competition to the safe harbor of loyal understanding."

"We shall secure that triumph Premier Tardieu added, "because with heart and soul we are determined to win international peace through international law; because, following on the oft-repeated advice of my eminent friend and colleague M. Briand, we seek that peace with the same creative energy through the past century to the cause of national independence and national security."

Prime Minister MacDonald spoke briefly. London city, he said, stood the forefront of British commerce and industry. There was no municipality more entitled than the corporation of London to proclaim such doctrines as those proclaimed by the lord mayor—that commerce and peace went hand in hand.

"There is no municipality that knows better by experience," Premier MacDonald added, "that international peace and confidence are the great foundation stones of international prosperity."

## Mountie Wins Promotion

Inspector W. W. Watson Will Be Stationed At Lethbridge, Ont.—The promotion of Sergeant-Major W. W. Watson to rank of inspector has been announced here at headquarters of the Royal Canadian Mounted Police.

During his 20 years of service with the force Inspector Watson has been stationed at various points in Western Canada and in the Capital. He served here in the Bureau of Criminal Investigation. Inspector Watson will now be stationed at Lethbridge, headquarters for the southern Alberta District.

## Air Mail Service Deferred

Opening Date Set Back Owing To Delay In Installation Of Lights

Ottawa.—The date for opening of the western Canada air mail has been deferred owing to delays in completing the installation of lights along the route. The severe weather of recent weeks has prevented the work from being completed. Officials here were not hazy a guess as to the extent of the delay. There is little chance of its taking place before the middle of February.

## Ends Long Snowshoe Journey

Ottawa.—Jean Baptiste Chouinard, a barber of Notre Dame Du Nord, Que., 835 miles north of Timiskaming, arrived in Ottawa after having snowshoed the 435 miles in less than 15 days. Mr. Chouinard has gone to Quebec City to participate in the Quebec to Montreal snowshoe race on February 1. Later he will return to the capital to take part in the winter carnival.

W. N. U. 1522

## Habeas Corpus Writ

Application Of Harry Bronfman Granted By Supreme Court

Ottawa.—A writ of habeas corpus was issued by the Supreme Court of Canada on application of Harry Bronfman, wealthy liquor dealer of Montreal, who is under indictment before Saskatchewan courts on charges growing out of alleged liquor transactions. The writ is returnable on February 1, on which date Bronfman will be brought before the Supreme Court.

Saskatchewan authorities will then be required to show cause for his detention.

This is stated by court officials to be the first time in 25 years that a writ of habeas corpus has been granted in the Supreme Court. The writ was made available to Chambers to Mr. Justice Duff, Counsel General Eugene Lafleur, K.C., and Gregory Barclay, K.C., both of Montreal, and A. G. MacGillivray, K.C., of Calgary. As the application was made on one appeared on behalf of Saskatchewan authorities.

The prosecution is defective, Bronfman's counsel contended, because the charge is laid under the Criminal Code, when it should have been laid under the Customs Act. Furthermore, if laid under the Customs Act, the prosecution could not succeed because the charge would be outlawed. The Customs Act requires that charges must be laid within three years of the time the alleged offence was committed.

## Will Sell Power Plant

Moose Jaw Burgesses Decide To Sell Franchise To American Concern

Moose Jaw.—After a quarter of a century of municipal ownership, the city of Moose Jaw consented to the sale of its electric light and power plant to the Iowa Southern Utilities of Delaware, Davenport, Ia., by a sweeping vote of over three to one. The number of burgesses voting for was 2,250, and the number against, 744, a two-thirds majority being required for the by-law to carry.

By the passing of this by-law, subject to ratification by the Saskatchewan legislature, the largest power transaction in the history of the province will have been completed. Involved in the offer which has been accepted by the city is a sum in the neighborhood of \$3,000,000, the largest single sum of money to be offered for any public utility in the province.

The voting brings to a close one of the bitterest fought battles in the city's history, the power situation having been a bone of contention and discussion for over 12 months. The Board of Trade supported the sale; the local press opposed it.

## Canadian Boat Rammed

United States Coastguard Vessel Said To Have Pursued Vancouver Motor Boat

Vancouver.—The new Vancouver deep sea motor boat "Talheyo Maru" was rammed by the United States coastguard vessel "Boat" on January 17, and has been beached on one of the Guadalupe Islands, off the Mexican coast, according to advices received by the vessels owners here. A protest has been sent to Ottawa concerning the incident.

Captain J. Butler, master of the "Talheyo" states that his vessel was in ballast, bound for home when she was pursued and run down by the U.S. motor boat. She had no liquor on board nor had carried any on the trip, he states.

## Sealed Letter Destroyed

Lawyers Burn Envelope Containing Name Of General Booth's Nominee

London, England.—The Daily News says that the sealed envelope containing the name of the late General Bramwell Booth's nominee to succeed him as head of the Salvation Army, was burned unopened by the solicitor of the Army, in the presence of several commissioners.

The envelope had figured prominently in the discussions of Army affairs leading up to the removal of General Booth a year ago. Many guesses had been made as to the identity of the man whom the general believed best fitted to succeed himself.

## Left Small Estate

Liverpool, England.—The estate of the late "Tay Pay" O'Connor, dean of the House of Commons, eminent writer and journalist, proves of a value of only \$1,500. This was forecast by the Canadian Press at the time of his death. The gold snuff box, presented by members of the House of Commons, is left to the House of Commons. His portrait by Beale is left to the Walker Art Gallery, here. No provision is made for his wife, but she is otherwise well provided for.

## Saskatchewan Resources

Provincial Government Will Not Agree To Commission Suggested

By Premier King  
Regina, Sask.—Saskatchewan will not agree to the commission suggested by Premier King in his proposals for the return of the natural resources. The Provincial Government gets a commission of three: one chosen by the Federal Government, one by the Provincial Government, and a third commissioner chosen by either the Imperial Government or both the Provincial and Federal Governments. This commission would hear the claims of Saskatchewan for all alienations subsequent to 1905.

The Provincial Government is prepared to refer its claims to the Supreme Court of Canada, subject to an appeal to the Privy Council, should the contents of the Provincial Government be upheld by the courts. The question of the accounting between 1870 and 1905 would then be referred to the commission. On agreement being arrived at, the question of compensation and the amendment to the constitution would then be submitted to the Provincial Legislature at an early date that it might be given effect to by the Imperial Government.

## FEDERAL AID IN DEALING WITH UNEMPLOYMENT

Ottawa.—If the provinces of Canada join together in admitting that they cannot cope with the unemployment situation, the Dominion Government is prepared to discuss remedial measures with them, Premier Mackenzie King told a large delegation from the Trades and Labor Congress.

The Prime Minister added that the financial position of some of the provinces did not indicate that they were unable to cope with the situation, especially as it appeared to be largely seasonal. Unemployment, in the first instance, said Mr. King, appeared to be a municipal responsibility.

If it became too serious for the municipalities to handle, their appeal lay to the provincial government. If the province found that it could not cope with it, the problem became a national one, and the Dominion Government would expect to be asked to assist in solving it. But, in the absence of an admission by all the provinces that they were faced with a problem which they could not meet, the Dominion Government did not feel called upon to take action.

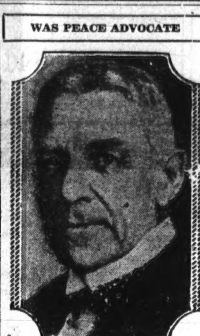

Both the Prime Minister and Hon. Peter Heenan, Minister of Labor, dealt with the unemployment situation. Mr. King informed the delegation that the government has been pursuing a policy of keeping men employed on government contracts at work.

Both Mr. Heenan and Mr. King referred to the demand for a national unemployment conference. Mr. Heenan stated that he had not given the impression in his statements that he was unaware of unemployment. He knew there was unemployment, but he felt the calling of a national conference would exaggerate its importance in the public mind and perhaps accentuate the situation.

This was the view expressed by the Prime Minister. Mr. King made it clear that Mr. Heenan had voiced not merely his personal view of the matter, but the opinion of the government on the unemployment question.

## Named After Premier's Daughter

Towering 9,440 feet into the sky, the newly named Mount Isabel, so called after Miss Isabel MacDonald, daughter of the Labor Premier of Great Britain, is located about twelve miles west of Banff, in the Canadian Rockies, overlooking beautiful Myrtle Lake. The Canadian Government have paid Miss MacDonald this graceful compliment in commemoration of her own and her father's visit to Canada last fall. The peak is visible from Myrtle, on the Canadian Pacific Railway, and also from the road-way between Banff and Lake Louise. Inset Miss Isabel MacDonald.

Edward W. Bok, editor, author, philanthropist and earnest advocate of international peace, who died at his home in Lake Wales, Florida, recently at the age of 66.

## Letter Carriers Ask For Higher Salary

Civil Service Commissioners Promise Delegation To Consider Request

Ottawa.—Serious consideration was promised by the civil service commissioners to requests for higher salary schedules for all letter carriers presented by a delegation. The delegation presented data showing salaries paid in comparable employment, and discussed various sides of the question with the commissioners. The matter of increases for letter carriers' salaries occasioned a considerable amount of discussion in the last session of parliament. Hon. P. J. Veniot, postmaster-general at that time expressed himself in sympathy with the carriers' position, but pointed out the matter was purely one for decision by the civil service commission.

## Sheep Breeders Of Saskatchewan

Officers Are Elected At Annual Meeting Held In Moose Jaw

Moose Jaw.—W. C. Heron, Hinton, was elected president of the Saskatchewan Sheep Breeders' Association, at the annual meeting held in Grant Hall Hotel.

Other officers of the association are: Charles Buffman, Bechar, vice-president; directors: L. J. Rushton, Rockville; W. D. Lyon, Deveron; L. M. Morrish, Oxbow; James Whitehead, Nutana; A. Richardson, Semans; William Darnborough, Laura.

## Of Advantage To Customers

London, England.—We have established during the year a bank in Canada, in the city of Montreal. We have every reason to be satisfied that any direct line will be of advantage to any of our customers carrying on business between Great Britain and growing markets of Canada, stated F. C. Goodenough, chairman of Barclay's Bank, Limited, in his address at the annual meeting of shareholders held here.

## Quebec's Minimum Wage

Quebec, Que.—A minimum wage for women workers in the province of Quebec, outside the city of Montreal, has been adopted by the minimum wage commission, stipulating that workers with two years' experience should be paid at least \$10 per week. Apprentices will receive \$6 per week, with the rate increased by one dollar each six months.

Towering 9,440 feet into the sky, the newly named Mount Isabel, so called after Miss Isabel MacDonald, daughter of the Labor Premier of Great Britain, is located about twelve miles west of Banff, in the Canadian Rockies, overlooking beautiful Myrtle Lake. The Canadian Government have paid Miss MacDonald this graceful compliment in commemoration of her own and her father's visit to Canada last fall. The peak is visible from Myrtle, on the Canadian Pacific Railway, and also from the road-way between Banff and Lake Louise. Inset Miss Isabel MacDonald.

## Eleven Killed In Crash

Ohio Has Fourth Bus Tragedy In Three Weeks

Cleveland, Ohio.—Ten children and a bus driver were killed at Berea, Ohio, near here, when the bus was hit by a New York Central mail train bound for Chicago, at the Sheldon Road crossing, near Berea. Three other children, seriously hurt, were taken to the Boca hospital.

Cause of the tragedy was not explained. Weather conditions were clear, and officials were unable to account for the driver's failure to see the train.

Most of the victims were small children who attended from the first to the sixth grades.

The bus was said to have been carrying between 15 and 20 children.

The crash was the fourth bus tragedy in Ohio in the last three months.

## Kept Link Unbroken

Radio Engineer Used His Body As Current Splice

New York.—His arms twitching with shocks from electric current, Harold Vivian, a young radio engineer, literally spliced with his body a broken link in the vast hook up and made it possible for listeners in 59 North American radio stations to hear the King's speech at the naval conference.

Just before the King began something in the control room of the broadcast company ripped over the wires of the generator. Vivian grasped the wires together in his hands to restore the circuit. Leakage of current through his body to the floor shook his arms without a break, for 20 minutes until new wires could be connected.

## TO WIDEN SCOPE OF ALBERTA HEALTH CLINICS

Calgary.—State medicine is certain to be established in Alberta "and everywhere else," according to Hon. George Hoodley, provincial minister of health, speaking to the annual convention of the United Farmers of Alberta. He admitted he had no apology to make for the accusation that his proposal of public health clinics in Alberta is the thin edge of the wedge of state medicine.

Comment from the Alberta cabinet minister followed approval by the convention of a resolution widening the scope of the travelling health clinic in order to give free annual medical examination to every rural school child. Among a score of resolutions carried, was one favoring hurried completion of the Peace River rail outlet to the Pacific Coast.

The Peace River resolution urged the importance of fulfilment in the near future of Premier W. L. Mackenzie King's promise in 1924 that the line would be completed "as soon as humanly possible."

Intention of the farm body will be communicated to the Dominion Government, the Canadian Pacific, the Canadian National and the Northern Alberta railways. It was stated that the route was now not financially difficult; that production of Peace River area has increased since 1924 and that 10,000 new homestead entries have been made in the district in the last two years.

A trio of resolutions directed to the Dominion Government favored decision by parliament, rather than by the Canadian prime minister in setting the date of Dominion elections; suggested legislation to require food products in containers to carry the name of their country of origin; and requested appointment of a committee to inquire into the feasibility of grading all products offered for sale in Canada.

Mr. Hoodley's forecast on the future of state medicine involved a strong belief that larger units than the municipality, as organized at present, would be necessary in development. He believed that the units would have to be large enough to be able to support equipment adequate for cure and prevention of disease. Previously, the convention had instructed the central U.P.A. executive to make a full investigation of state medicine in all its branches.

If the Alberta legislature provides the necessary finances, Mr. Hoodley mentioned, the Department of Health intends to employ a specialist in connection with examination of the eyes of children. He stated that since 1924, 24,000 school children have been treated by the public health clinics of the province, the only system in existence on the continent. Not a single child, he said, had refused in this time, though 404 tons of small and adenoid operations had been effected.

## WHEAT SUPPLY SHOWN TO BE ABOUT NORMAL

Winnipeg.—All through the present crop season there has been emphasis of the large stocks of wheat in Canada. The "visible supply" has been held up to the world as representing a formidable total, but seldom has any mention been made of the "invisible supply," which at mid-January was estimated to be 60,000,000 bushels less than a year ago, and considerably smaller than the "invisible" on the same date in any of the past five seasons. By the "invisible supply" is meant the amount of wheat that farmers will haul to market after taking care of seed and feed requirements on the farm.

On January 15, this year, it was estimated that only 21,000,000 bushels of wheat remained to be delivered by farmers in Western Canada to the end of the crop year on July 1, 1930, as compared with 82,000,000 bushels delivered in the same period in 1929, 102,000,000 bushels in 1928, 52,000,000 bushels in 1927, and 45,000,000 bushels in 1926. A short crop and unprecedented movement from the farms last fall under ideal weather and road conditions are accountable for the small farm reserves at this time.

Turning to the "visible supply," which includes wheat stored in country elevators, interior and lake terminals, loaded on boats for winter storage and in all other positions except on the farms, it is seen that the stocks at mid-January this year were larger by some 3,000,000 bushels than those of a year ago, but with 60,000,000 bushels less to come off the farms there is a difference of 57,000,000 bushels in favor of the current season.

Allowing for exports at the same rate as last year between January and July 31, it would mean that the large carry-over of last year would be reduced by that figure and that Canada would start the next crop season with less than 60,000,000 bushels compared with 120,000,000 last year, and 78,000,000 bushels the year before.

## Reporting Naval Conference

World Will Receive News Through Four Hundred Correspondents

London, England.—The world will receive news of the five-power naval negotiations through nearly 400 newspaper correspondents accredited to the conference, who will tag offices in St. James's Palace throughout the proceedings.

An historic room of the palace, the guard room, where tradition has it King Charles I. slept the night before he was beheaded, is the focal point of a network of cable and telephone communications extending to the four corners of the globe.

Press wires run direct into St. James's Palace for the use of a special corps of staff correspondents representing the Canadian Press, the Associated Press, and other press services, while direct telephones also are available for everything from local calls in London to transatlantic calls.

## Want Patrol Augmented

Not Strong Enough To Enforce Law Says U.S. Immigration Official

Washington, D.C.—Immigration officials want more men on horseback to patrol the Canadian and Mexican borders, and more ship sleuths to search out stowaways.

Testifying before the House appropriations sub-committee for the Labor Department annual supply bill, Immigration Commissioner Harry E. Hull and his assistant, W. H. Wagner, painted the border patrol of the present in glowing colors, but declared that immigration laws cannot adequately be enforced unless it is augmented.

## Cook May Be Paroled

Leavenworth, Kas.—The Leavenworth Times says that a parole has been recommended for Dr. Frederick A. Cook, Arctic explorer and oil promoter, who is serving a sentence of 14 years and nine months in the federal prison here for using the mails to defraud. Members of the parole board would not confirm the report, but it is known that no opposition was offered to Dr. Cook's release.

## Lloyd George Missed Speech

London, England.—Rt. Hon. David Lloyd George was left out in the fog while the King delivered his address at the opening of the naval conference. The Liberal leader, and wartime premier, needed an hour and half to get to the ship for the short journey and missed the plenary spectacle altogether.

### MILESTONES

**T**HE first milestone on the Road to Success is \$1,000 saved—after that the way is easy, for opportunities strew the path of the man with money in the Bank.

You may reach the first milestone on this Royal Road in four years, or sooner, according to your determination and your means.

consumers at Coleman by the air  
route.

A herd of twenty deer have adopted  
the S. Lunn ranch, near Pincher  
Creek, for winter pastures.

F. E. Millette, who a few weeks ago  
suffered a severe ankle sprain, is able  
to be around.

The collegiate moustache is like the  
easy-payment plan—just a little down  
and a close shave elsewhere to make  
a show.

The home of M. Miserata, in the  
Pelletier addition of the town, was destroyed  
by fire at an early hour on  
Saturday.

The Literary Digest remarks: Most  
people believe in law and order—as  
long as they can lay down the law  
and give the orders.

The sign on the outside of a western  
church reads: "Revelation Meeting  
Tonight—Subject: 'Hell.' James Wilson,  
tenor, will sing: 'Tell Mother I'll  
Be There.'"

The provincial government should  
take note of the fact that bureaucrats  
are on the increase in Alberta. A  
team of them was organized at Red-  
cliff just recently.

Jimmy Burrill was stopped in the  
third round of a ten-round go at  
Lethbridge on Friday night by Nels  
Ferguson, holder of the Buxton light-  
weight championship belt.

Last week we were in error in stat-  
ing that a son had arrived to Mr. and  
Mrs. So and So. We regret this error  
sincerely, for we fully intended it  
should be a daughter.

A slight error occurred in these  
columns last week in quoting the size  
of Bob Levitt's family. Bob states  
there are five: himself, his wife, two  
little red fishes and a tom canary.

John Dusenberry, a Calgary service  
station operator was last week sen-  
tenced to five years in jail, found  
guilty of being in possession of \$15,000  
worth of oil shares, knowing same  
to have been stolen.

The marriage of Miss Inez King-  
ley, daughter of Mrs. C. F. Dunlop,  
of Coleman, to Dr. Austin Gillis, of  
Merritt, B.C., took place at Vancou-  
ver on January 18th. Dr. and  
Mrs. Gillis will reside at Merritt.

Sir Robert Falconer, president of  
the University of Toronto, has been  
chosen by the government of the Uni-  
ted States and the Republic of Para-  
guay as a member of the international  
commission which settles all disputes  
between the two countries.

David Curry left Bellevue on Mon-  
day night for a three months' vaca-  
tion to be spent at his old home in the  
Newcastle district in the north of  
England. He will spend some time  
with relatives in Chicago before re-  
turning.

The postponed final game in the  
Trites-Wood cup competition of the  
Crow's Nest Curling Association,  
Blairmore bonspiel, was played off at  
Fernie on Wednesday night of last  
week between the Kastner and Her-  
schmer rinks, Kastner winning by a  
score of 11 to 7. The Kastner rink  
took the lead from the start and  
maintained it throughout the contest.

A successful whilst social was held  
by the members of Livingstone  
Lodge, K. of P., in the Lodge hall on  
Friday night last. The winners at  
whist were: ladies' first, Mrs. John  
McAndrew, senior; second, Mrs. John  
McAndrew, junior; gent's first, J. A.  
McDonald; second, J. Wolstenholme.

The work of connecting up the  
East Kootenay Power line with that  
of the Calgary Power Co. near Pin-  
cher will likely be completed this  
week end. The E.K.P. has had about  
forty men employed setting up poles  
and wires between here and Pincher.

The parish clerk in a country vil-  
lage is also the local sadler. These  
two notices appear in his window:  
"Office for banns for marriage."  
"All sorts of muzzles in stock."

A few positions open for reliable  
men to represent one of the oldest  
and biggest Tailoring organizations,  
taking orders for All-Wool Tailored-  
to-Measure Suits and topcoats. Low  
Prices and \$1,000.00 Guarantee with  
each order assure your success.  
Steadily all-year-round business. Re-  
peat orders mean steady profits for  
you. Write immediately for Free  
Sample Outfit, and exclusive territory.  
State age, occupation, N.D.S. Federa-  
tion, P. O. Box 3222, Montreal.
